UP, UP, AND AWAY

Another school year rose off the ground as the first people began to walk up the halls of STHS in the August of 1968. Those students entering were on their way up. A large class was glad, even if a little afraid, to be finally stepping up from the eighth grade to high school. The new sophomore class was moving up to a position above the incoming freshmen with relief. Last year's sophomores zoomed up to positions as organizers and active junior class members. And members of the class of '69 soared up to their final position, seniors, with mixed emotions at being so near the ultimate height of high school.

This year proved to be one filled with many "ups." Grades and scholastic achievements climbed upward. Athletic competition scores and victories shot upward. Even the general school spirit and loyalty took a hopeful, long-awaited leap upward. Sterling High certainly went "Up, Up!"

"And Away!" This too fits our school year. After improving our school spirit, we took a record number of students away to support our teams at extra-curricular events. And we took our teams which had moved up in ability away to tougher, higher competition. STHS students collectively and singly carried away our school abilities and friendship to nearby communities and university summer activities, and even abroad to international participation. And the class of '69, after four years of moving upward in many ways, graduated. Its members will carry away with them into many rewarding lives the fine results of constant movement upward.

Up, Up, and Away, STHS 1969.

Climbed the Stairs of Knowledge

The buildings of Sterling Township High School are known by most Sterling students better than their own neighborhoods. Each stairway has been climbed, each door opened and closed, each room has been entered, each window discovered and used. The lockers gain personalities as they are decorated and equipped with many varied conveniences. The halls become neighborhoods filled with new and old memories.

And through these halls pass the STHS students. Some climb up the stairs while others scurry away to "beat the bell." The building itself does not impart knowledge, but it provides a focus point, a meeting place for the varied activities connected with a school moving students up and away to life.

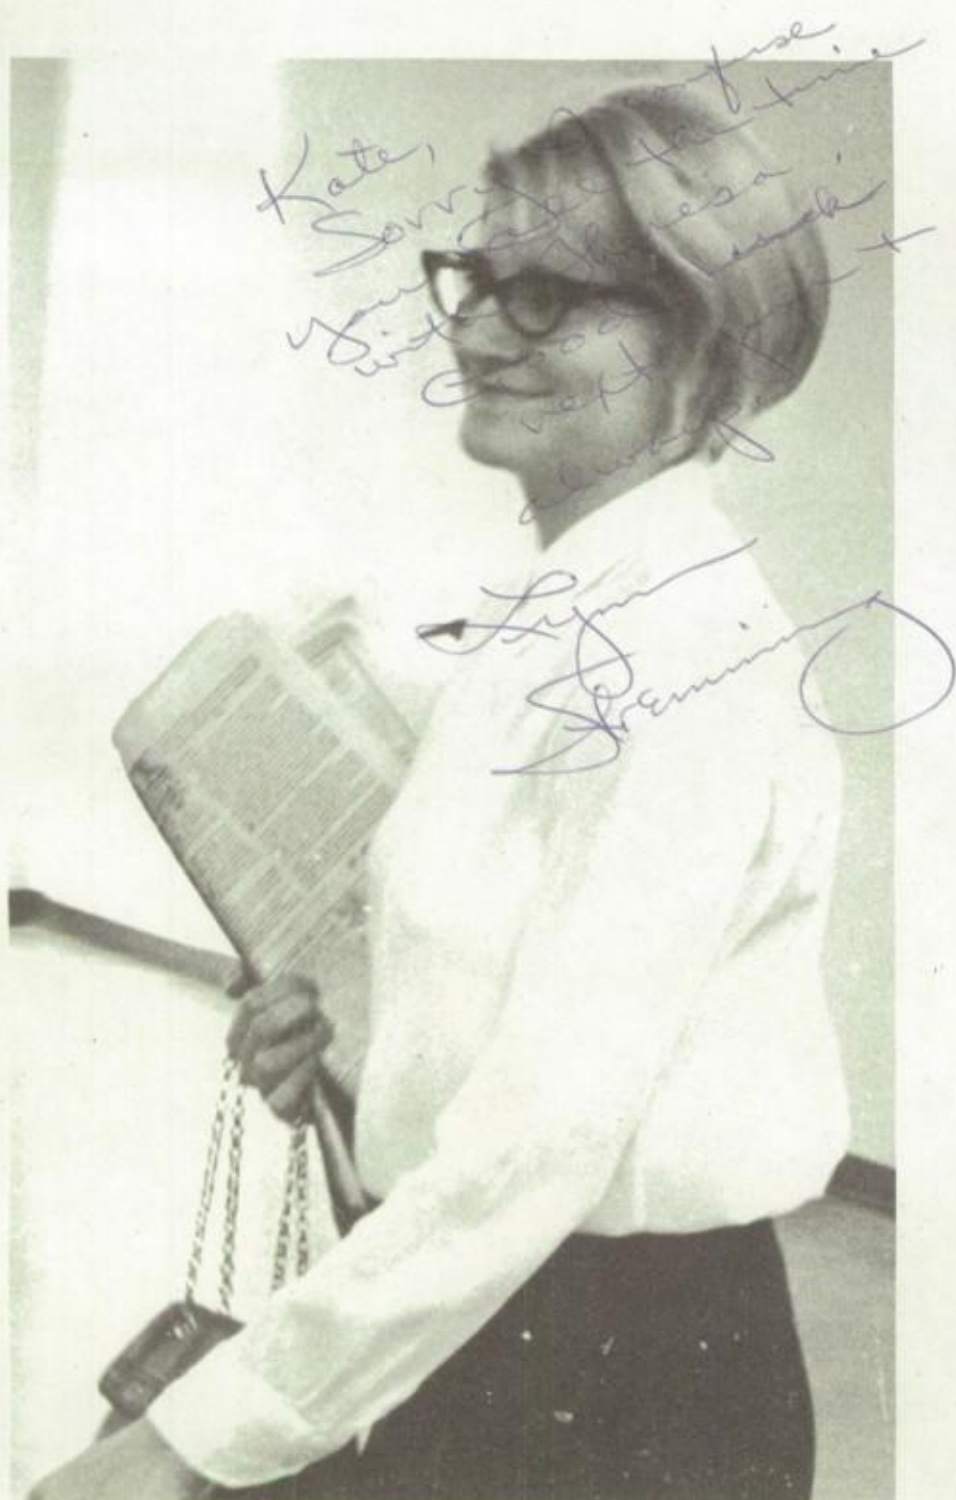

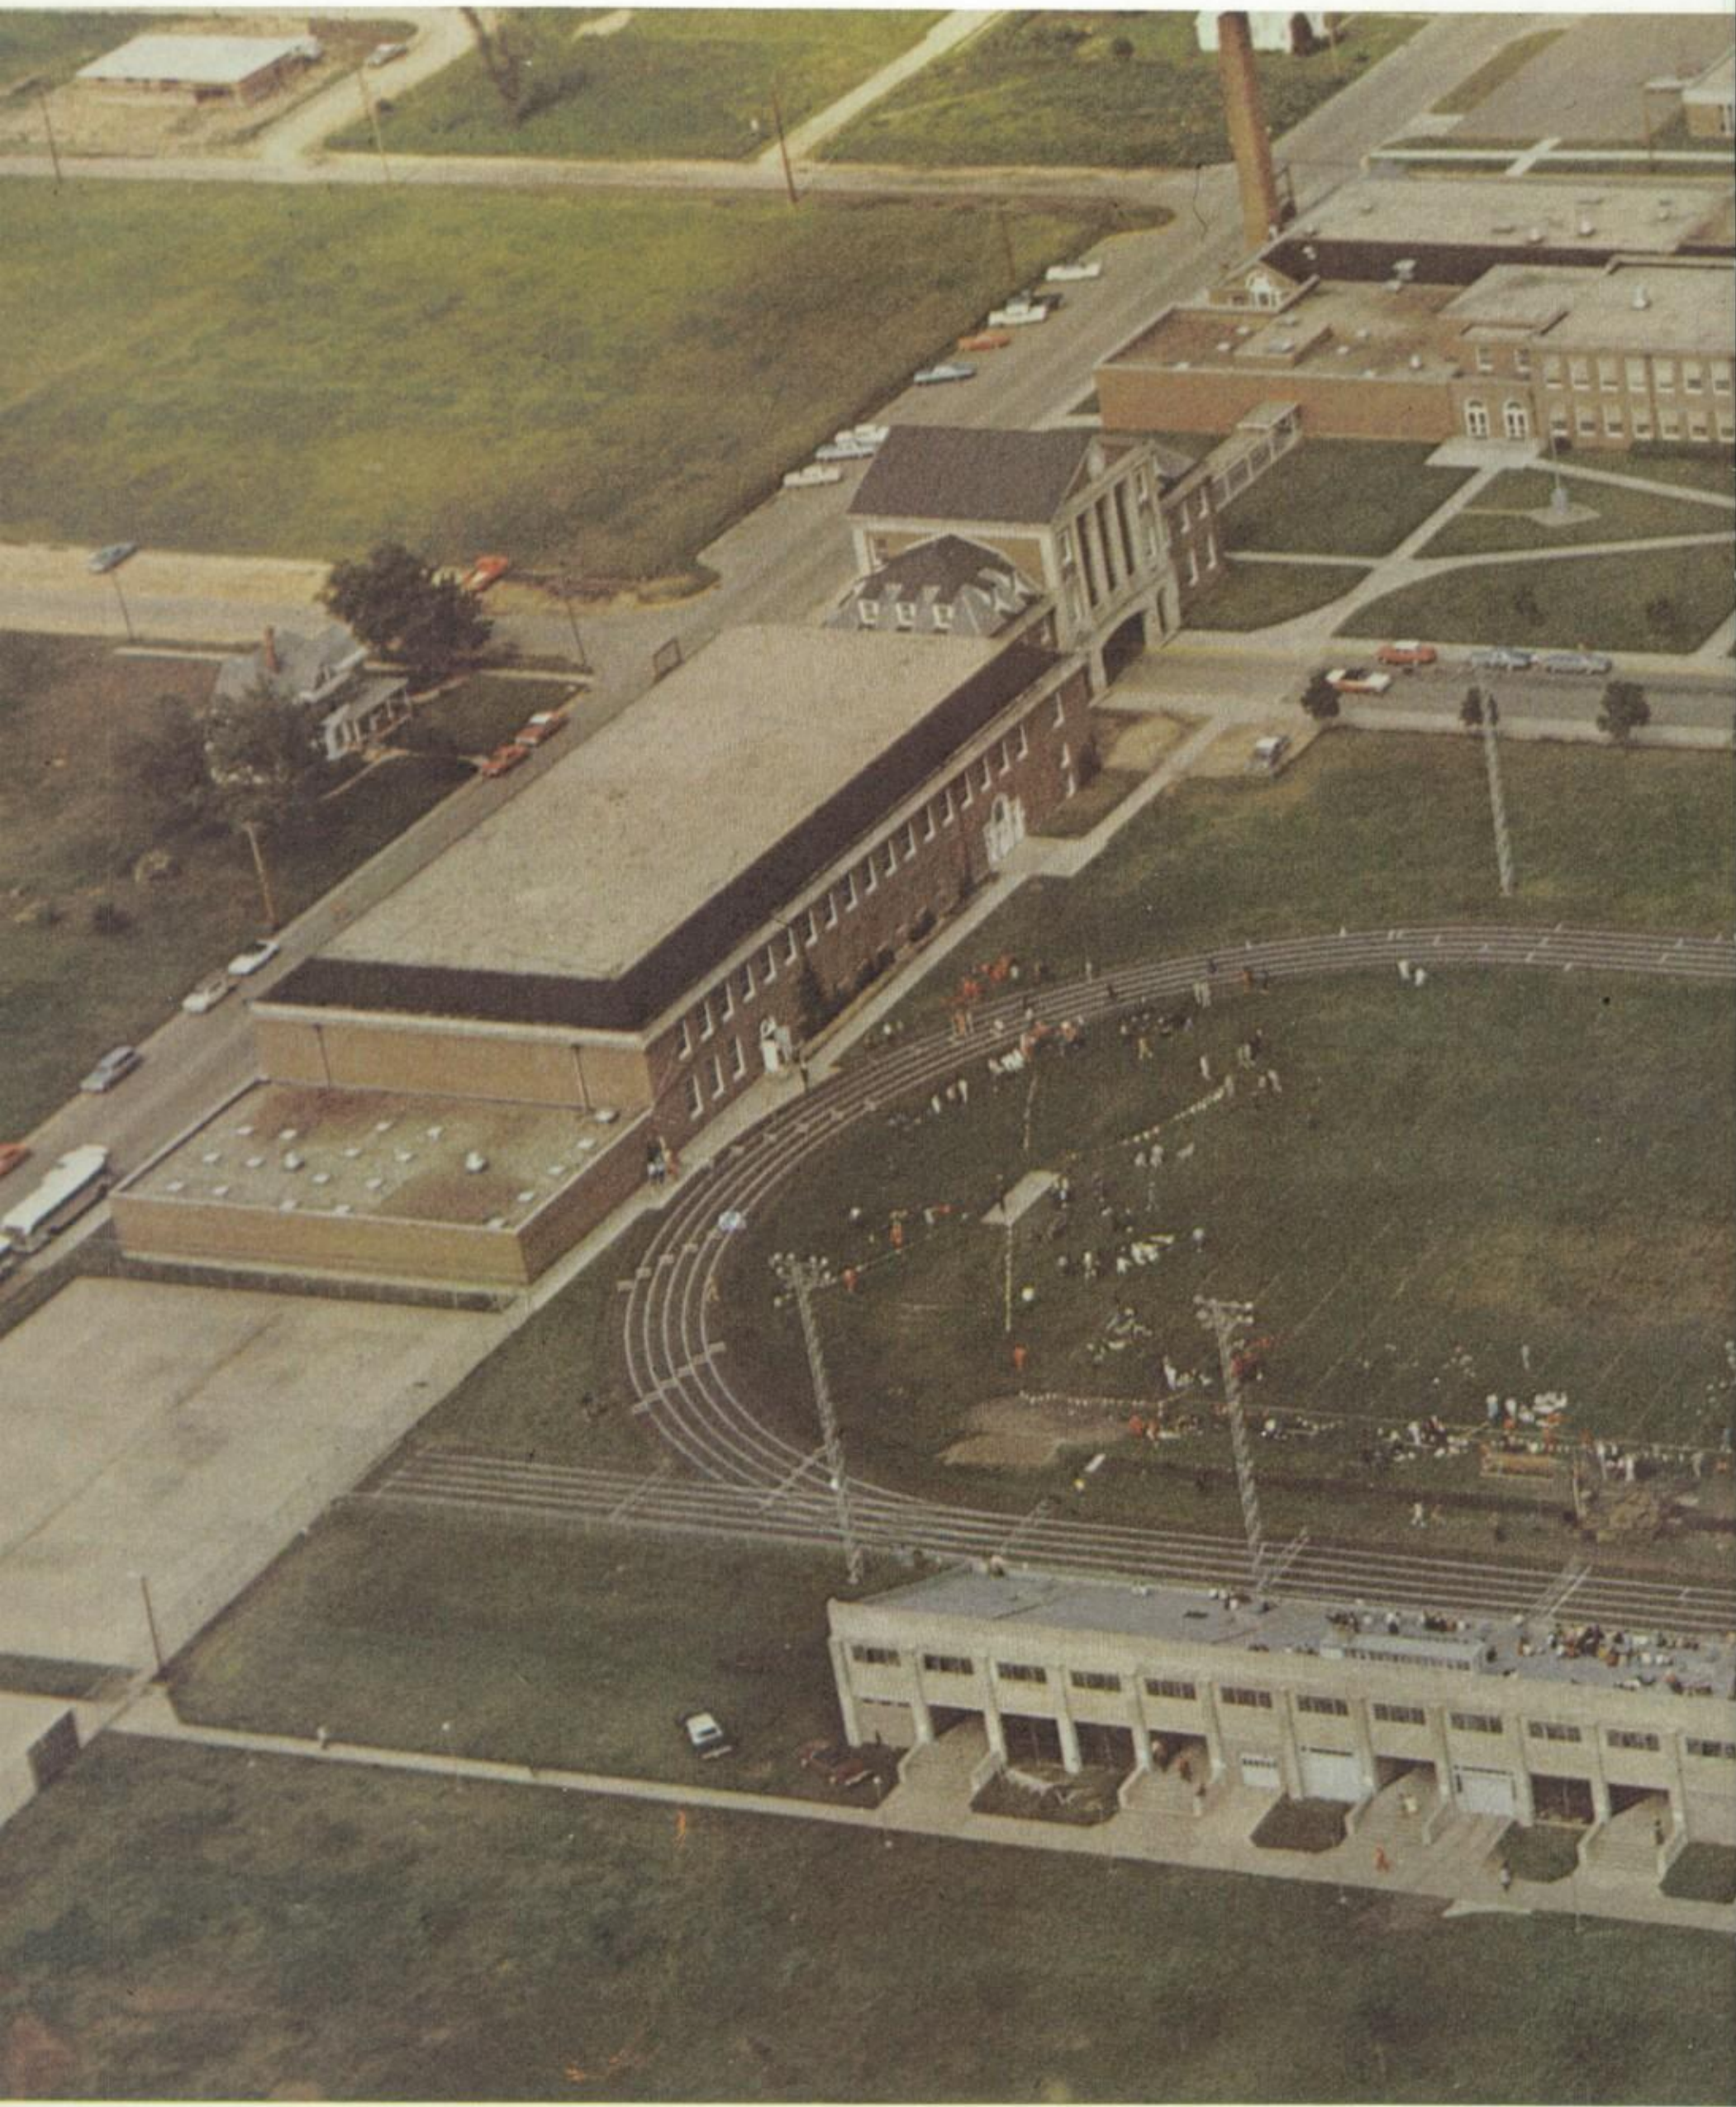

Students and Teachers Strove

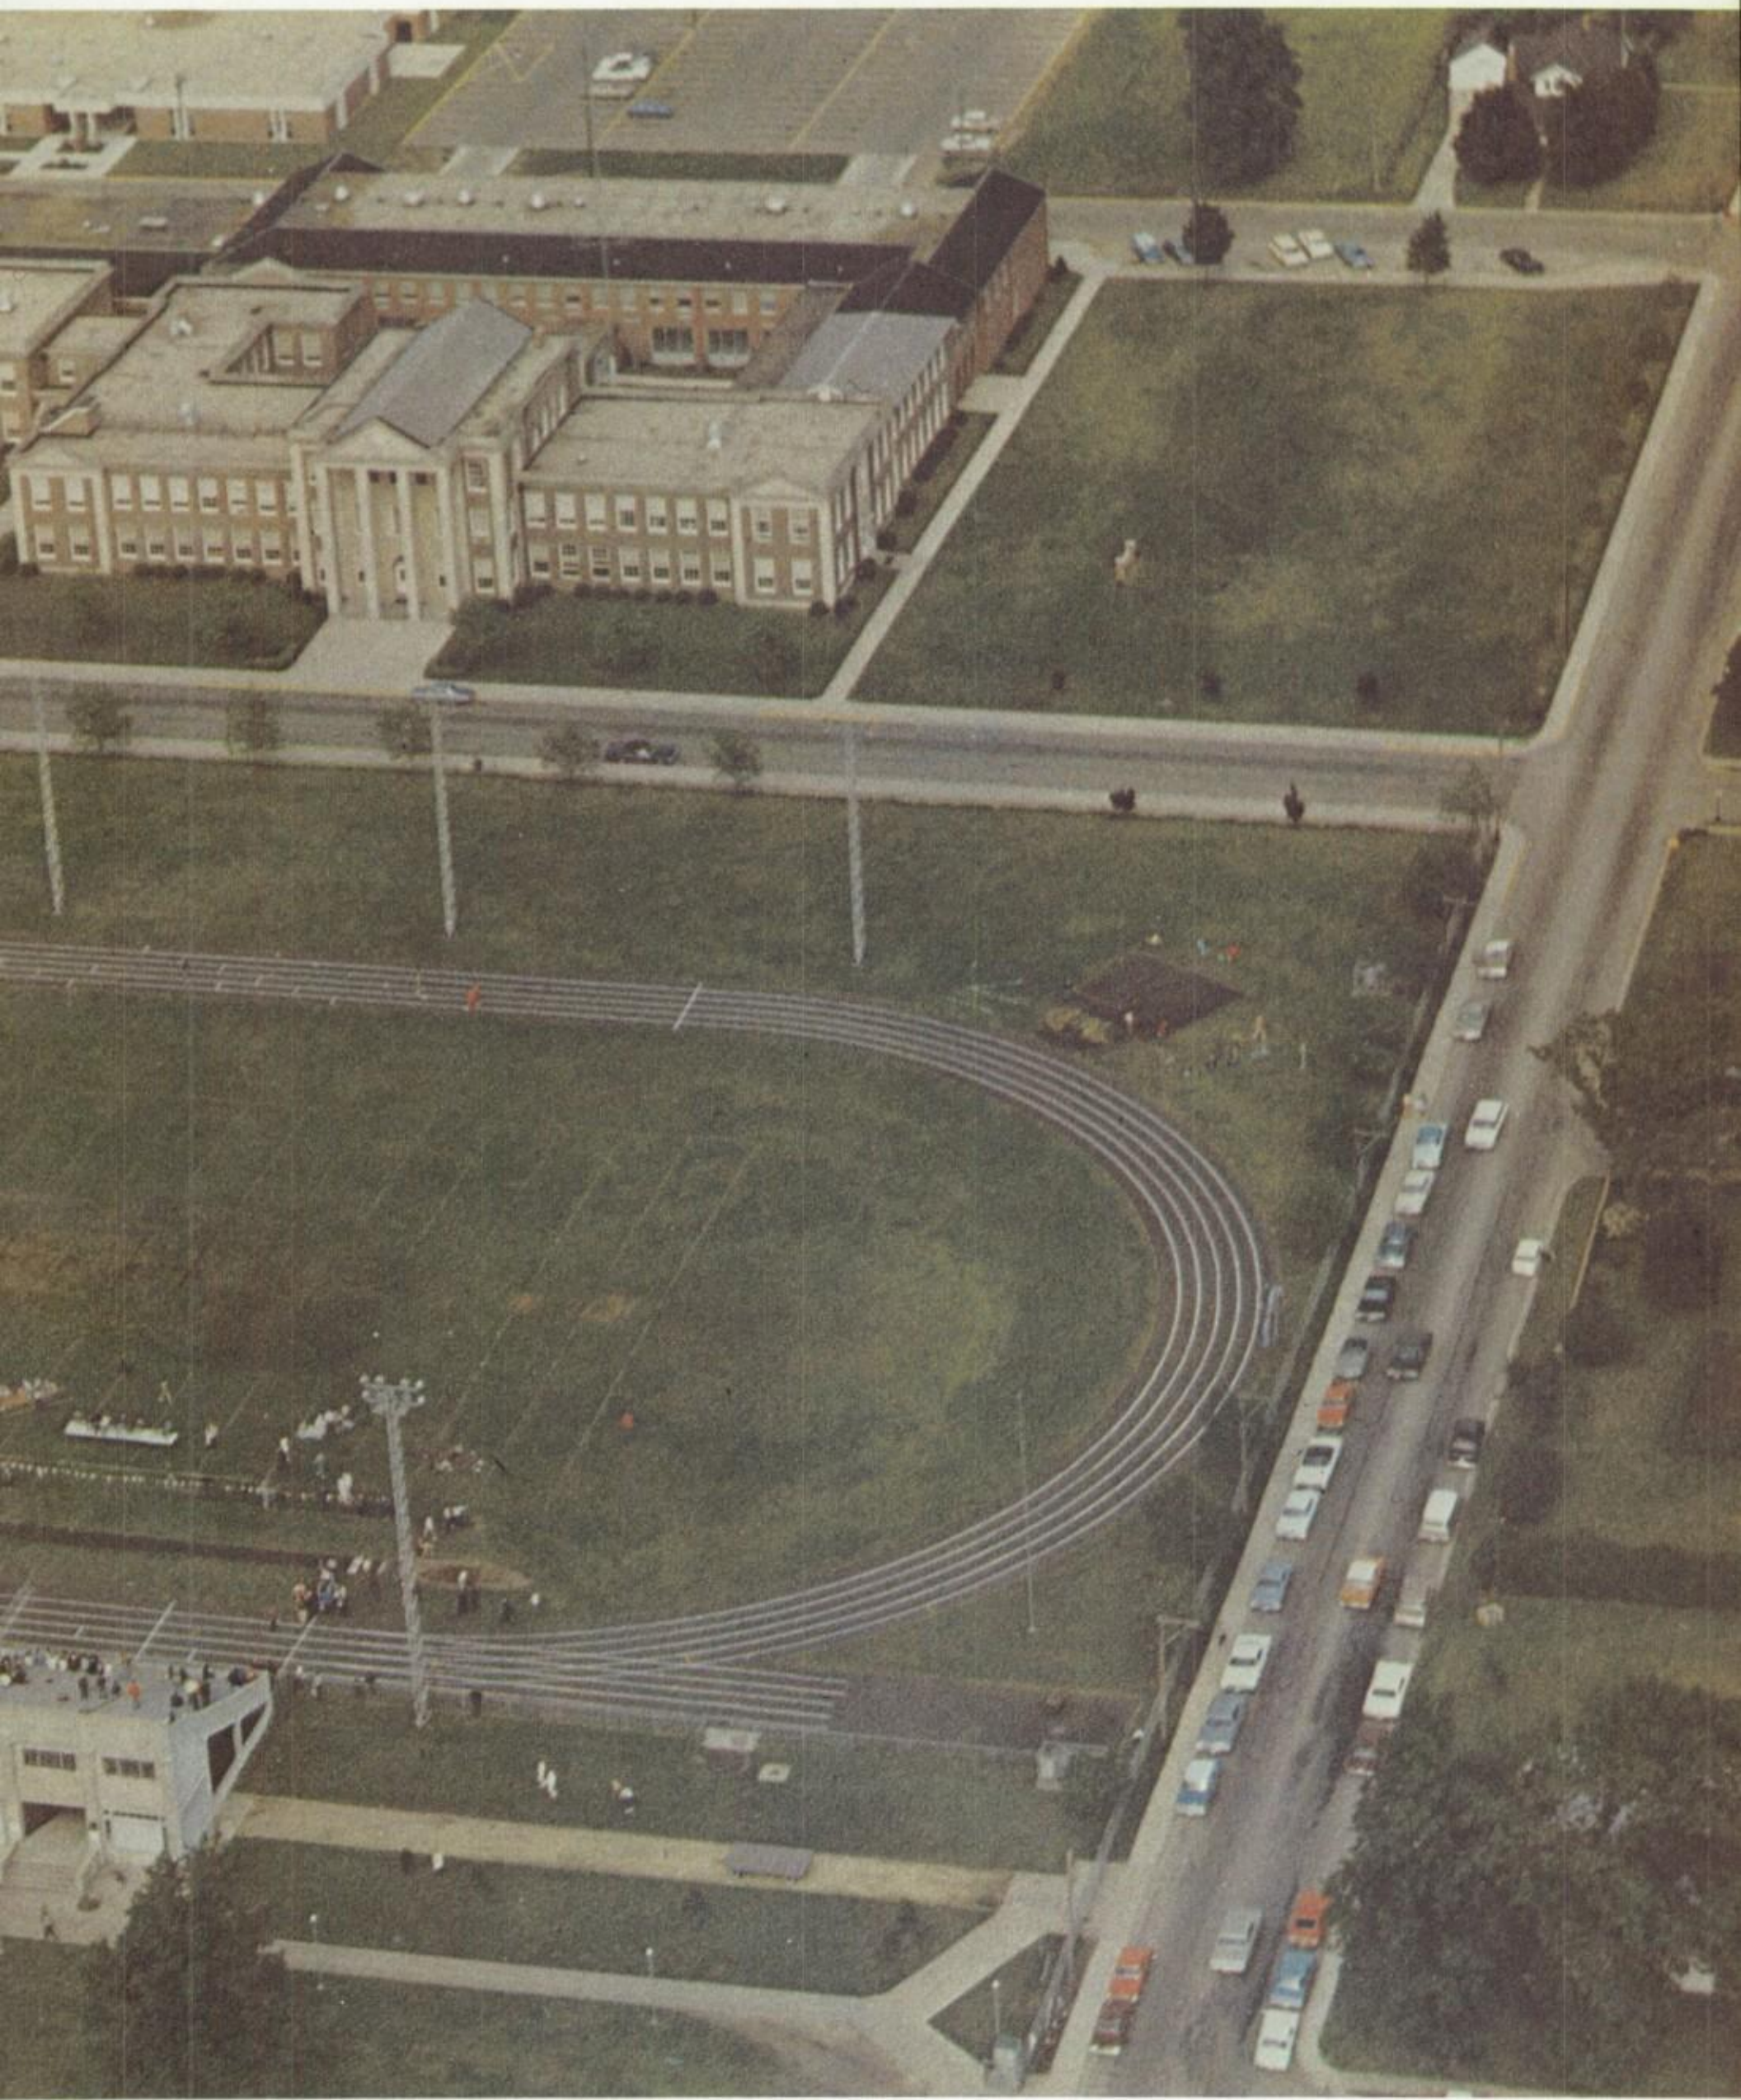

From homeroom to seventh hour, each day brought new experiences for STHS students—disecting frogs, developing math formulas, writing English sonnets, learning modern dances, discussing revolutions, learning to cook and sew, and listening to foreign languages, to mention but a few. The classes were a time of meeting and conquering challenging problems and questions, and of learning methods to retain and use new information. Class and teacher worked as a team in searching for comprehension of essential facts and theories. Although the students often left confused at the end of the hour, they found that the rewards were well worth the efforts exerted in solving their problems. The teachers also helped their students UP, UP, AND AWAY into their world of knowledge through providing lectures, additional reading materials, counseling, and individualized instruction.

For Higher Levels of Knowledge

Enthusiastic Students Boost

Up is the only direction the Golden Warriors travel. Consistently near the top in the conference in all sports, the 1968-69 Warrior athletic teams proved as ever challenging contenders.

The Warrior tennis team began the spring season with good fortune, as did the golfers, in placing high in the NCIC as well as state competition. The track team, despite numerous injuries, won the conference championship and demonstrated outstanding team spirit and drive.

Summer came, and with it, a strong baseball team. Winning most of their games the Warriors showed great potential and promise to be a truly excellent unit next season.

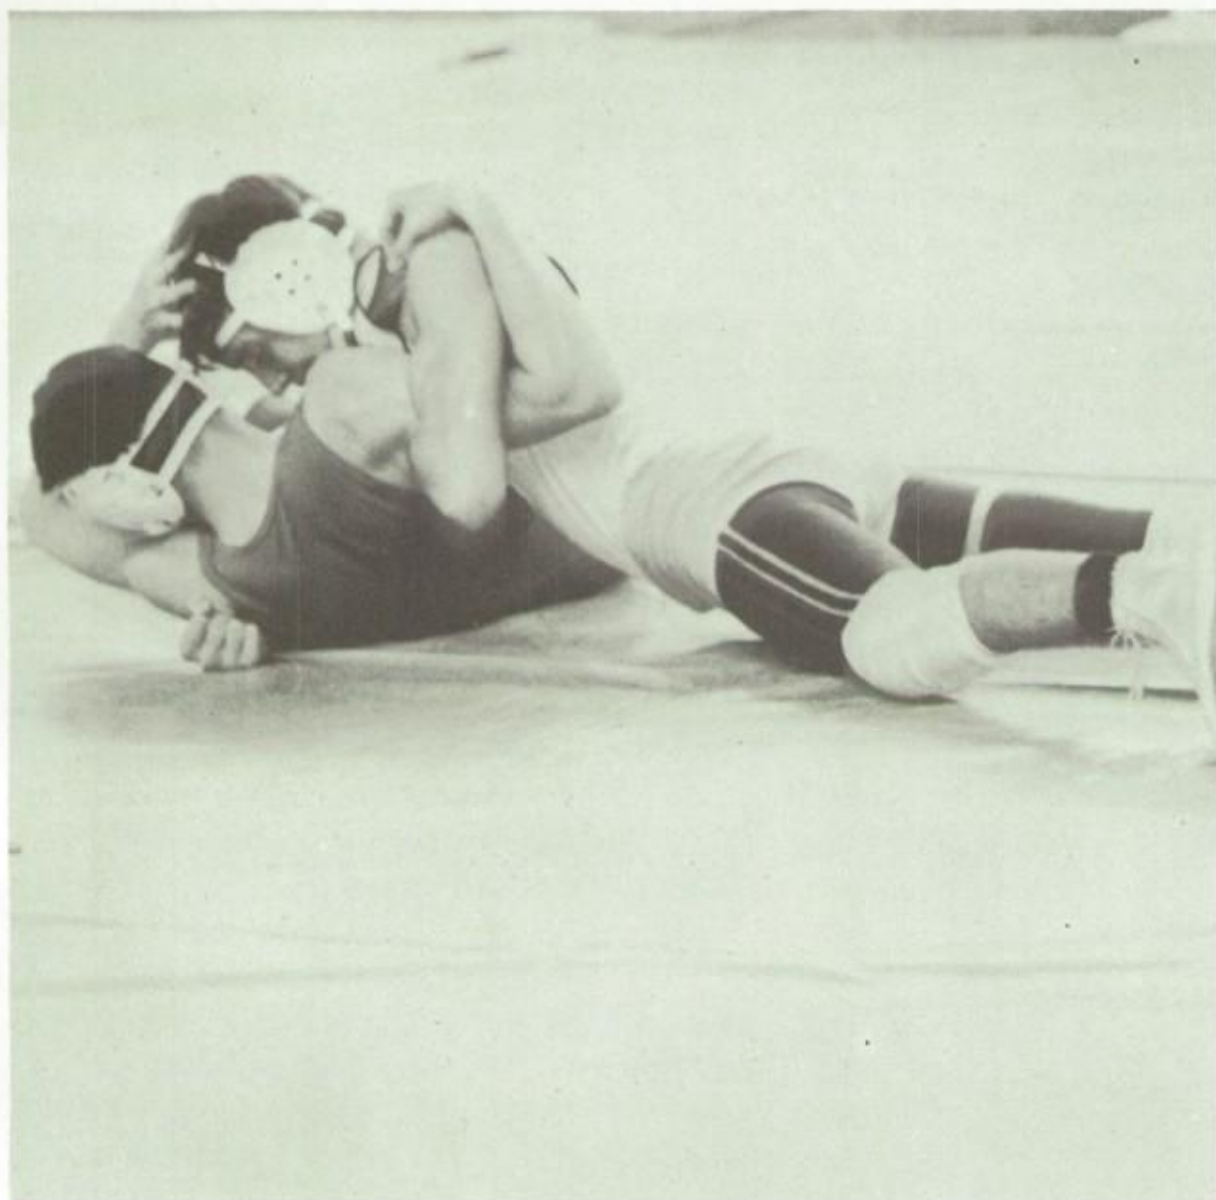

The football team improved and showed much talent. Highlights of the season included victories over Newman and Dixon. Cross-country proved quite powerful in downing almost all their opponents.

Finally, winter brought two more fine Warrior teams. The wrestlers and the cagers both placed high in the conference, and also did quite well outside the NCIC.

The Golden Warriors were successful in all aspects of athletics this past year. It is quite evident by their performance that athletics and STHS shall always be UP, UP, AND AWAY.

Warriors Up to Victory

Sterling Students Laughed, Labored,

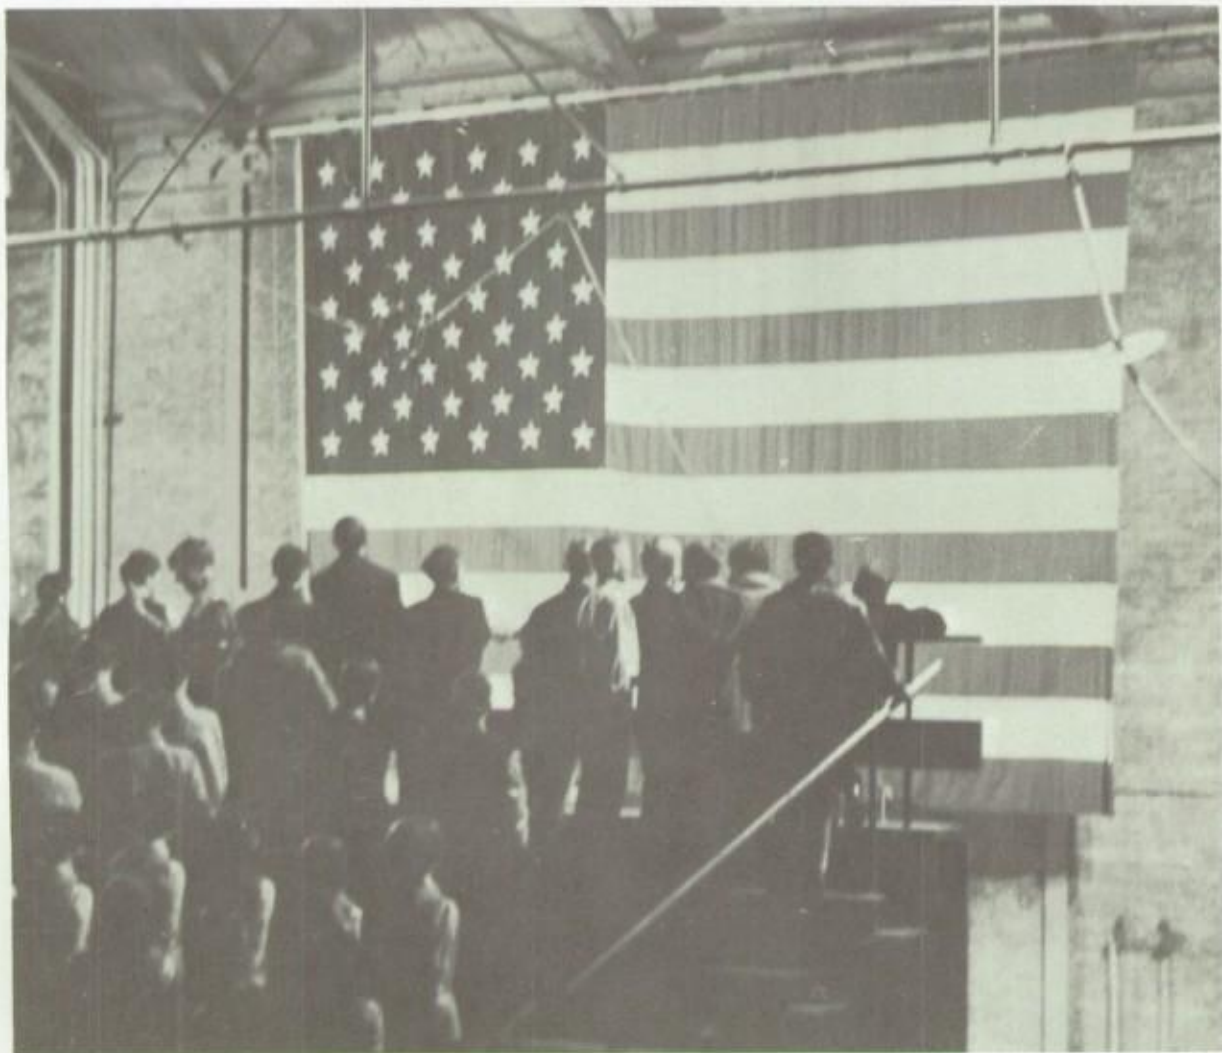

STHS has come to mean more to Sterling students than just "school" or "work." It means a way of life. SHS'ers live their four years not just by attending school each day, but also by participating in a vast complex of classes, organizations, and activities. As each student moves up from one year to the next, he finds himself becoming more involved emotionally and physically with this school. When the time finally comes to move away to higher challenges of life, each student realizes how much STHS really means to him.

Together we have moved up the ladders of knowledge, society, success, and experience. The dances, the games, the hours of debate over the dress code, the medley of teachers, the parties and friends, the laughter and tears, the constant struggles have enveloped each student in a unique way. Though some must now look up and go away, a part of each will always remain within the school, just as memories of the school will always remain within the student.

and Lived the Year Away

IN TRIBUTE

The 1969 WARRIOR staff takes great pride in paying tribute to Miss Marie Dickson, a tremendous teacher and a valuable friend. We thank you, Miss Dickson, for having the courage to challenge us with our work and thus to win our admiration and respect. We are indebted to you for all the sacrifices you have made in our behalf. We, in return, can only hope that you understand the depth of our appreciation.

We also thank you for your concern for us as individuals. You often spent valuable class time discussing our problems or future pitfalls. You willingly gave us your amazingly accurate advice. When we came to you, your busy schedule was always flexible enough to give us the needed time. Your insight into our lives and your genuine concern for us makes you a memorable friend as well as an extremely capable teacher.

It is with the humility that you taught us and the respect that you earned from us that we take great pains in choosing the proper grammar and diction to earnestly say, "Thank you, Miss Dickson, our friend."

Animated gestures and changing facial expression indicate Miss Dickson's total involvement in what she's doing.

ACADEMICS

School Board and Administration

Mr. Mumford gives That Texas Eye to WARRIOR photographer.

The Board of Education for Sterling Township High School is the governing body for the whole school district. The board's seven elected members meet monthly with the administration to conduct business pertaining to the school system. In addition, this year, the board did much work on the development of a written policy.

The administrators work directly with the Board of Education. Superintendent Harold Sutter and Business manager Jack Watts deliver reports on the school's appropriations, expenditures, and balances to the board. They also suggest new ideas and plans, such as curriculum changes and expansion programs. Other members of the administration include: William Yemm, principal; Dean Mumford, Dean of Students; and William Tonkin, Director of Research and Development.

English Department Stresses

Knowledge of the English language is a necessity in today's world. It is essential for communication with people in everyday life.

At Sterling, many forms of English are offered to eager and not-so-eager students. The classes are designed to teach correct and effective composition and speech as well as appreciation of literature.

Literature is taught to develop students' ability to read and to understand the context of every story. These classes expose students to many valuable pieces of literature.

Compositions are written by the students, thus giving them a chance to practice their knowledge of grammar and to creatively express themselves.

Although our English teachers often have a challenging job, they serve SHS students in a vital way.

Science and Math Departments

The goal of the Math Department is that of constant improvement. Courses ranging from elementary to advanced are offered to provide every student a class suited to his needs. Business math, coordinated with classes in other departments, provides training for a business career. Advanced students delve into the complicated study of calculus. From the variety of courses offered, any student can receive the necessary mathematical background for his future.

The Sterling Township High School Science Department revolves around the goals and abilities of the student. The department offers the students both enriching and challenging programs. Preliminary courses as well as the more advanced courses, stress knowledge of basic fundamentals applicable as a prerequisite not only of further study, but also of everyday life.

Social Studies Department Studies,

This year the Social Studies Department again offered their broad and challenging program. They continued the new unit in past and present Negro History. The successful team teaching program was expanded to include students of average as well as above average ability, and an elective honors program was initiated.

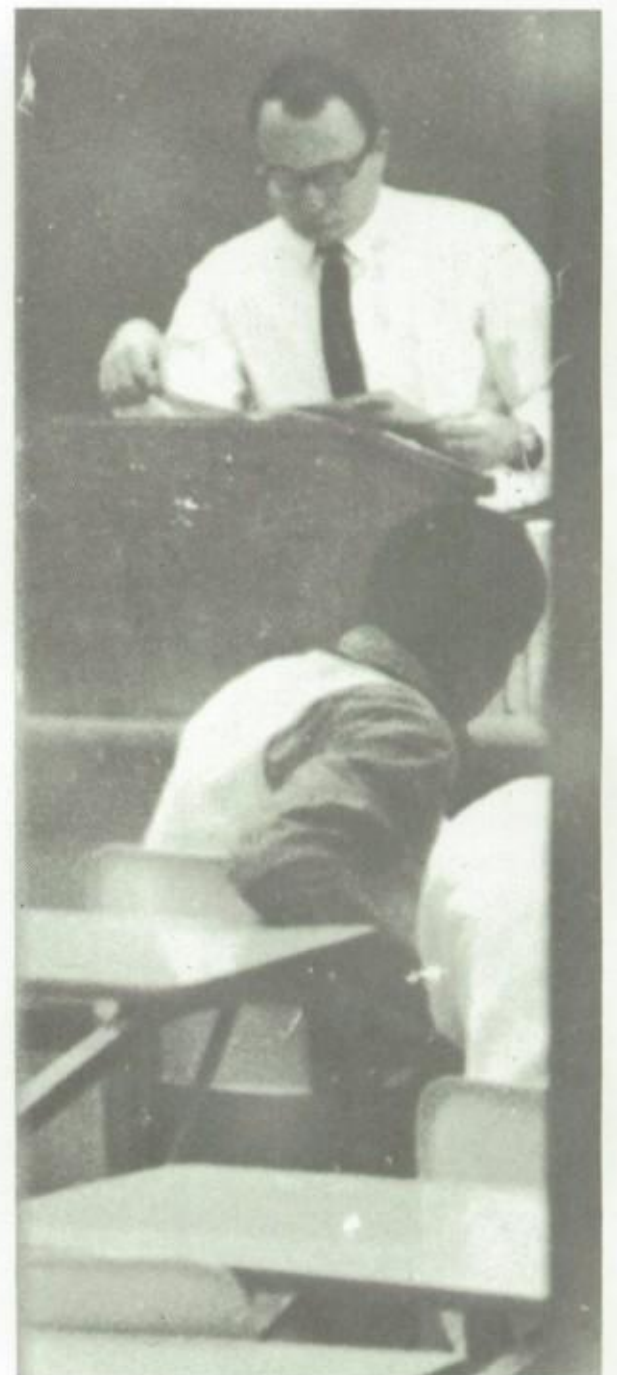

Mr. James, the department head, summed up the department's objectives thusly: "The primary objective of the Social Studies Department is to develop the appreciation, understanding and attitudes and values essential to effective citizenship and adult life."

Languages Interest Many Students

Mrs. Shaffer, formerly a substitute, relaxes at her new post as a part-time Spanish teacher.

The Physical Education Department's objectives: to develop physical fitness, skills and cooperation, and to foster better use of free time, are attained through a wide range of activities. Miss Douthit defined a P.E. class as "a time for sports and games, for dance, stunts and swimming" as well as "a time for learning."

Drivers' Education was the highlight of the year for many students. Getting behind a wheel often proved to be exciting as well as educational. Sterling's courageous teachers patiently guided nervous students towards a license. The classroom instruction was very valuable as it made the students more capable and confident drivers.

Sterling again offered foreign languages. These elective classes in German, French, Latin, and Spanish, designed to enrich students' education, taught history and culture, as well as speech, grammar, and writing. Students were aided and interested by records, movies, films, and the language lab.

Services Add Personal Touch

Sterling Township High School is equipped with a special group of employees—counselors, a psychologist, a social worker, and a teacher of the handicapped slow learners.

The counselors have the busy job of helping confused students plan for the future. The counselors help the students in selecting courses suitable for their scholastic abilities.

The psychologist tests students' abilities and aids them in relating to other students. The social worker deals with family relations and their effect on the students' developing personalities.

Mr. Bos is specially trained to teach educable mentally handicapped students.

The seldom remembered but indispensable people who keep the school running deserve much praise.

Diligent secretaries work continually to keep track of all students.

Matrons and janitors have the job of cleaning up the litter that somehow manages to accumulate.

An important employee is the school nurse, who has to determine a really ill person from a skipper.

The really nerve-racking jobs are those of the librarians and the study hall teachers. Trying to discover where that paper airplane or strange noise came from in a room full of innocent students is usually very difficult.

ORGANIZATIONS

Industrious Warrior Staff Works

Photographer Skip spent much time in darkroom.

One of the busiest organizations at STHS was the Warrior Staff, a group of students who spent many days and nights throughout the school year planning, writing, and editing this year's annual. Co-editors-in-chief were Barb Frye and Tim Stoudt, who were in charge of coordinating the various staffs and seeing that the deadlines were met. Copy Editor Patti Hague and her staff were responsible for writing the articles. The layout staff, headed by Pam Steeby, arranged the articles and pictures on the pages. Janine Bly and her staff were in charge of pictures, while Kathy Sheaffer's business staff solicited advertisements.

Script Staff Surveys Students

Camera catches Mr. Finney, the Script advisor.

To be of any significance, a paper must reflect the progress and changes around it. To keep pace with increased activities at SHS, the Script expanded several issues to include more club and sports news, surveys on dating habits and the dress code, and presentations of different views on controversial issues through the roving reporter, features, and editorials.

To keep in step, the Script staff worked long hours in the many jobs to prepare a paper: planning and writing articles, making layouts, reading copy, picking photos, and obtaining ads. The editor also attended a journalism workshop to bring added experience and understanding to this year's Script.

French Club Devises New Ideas for

White socks and baby bibs marked the new initiates in the French Club. This active organization has been one of the fastest growing groups, more than doubling in the last four years. The members of this club carry on old traditions such as the making of a Yule Log for Christmas and the singing of French carols.

Money raising projects for the spring trip were put into effect. Bake sales provided extra funds as did the candy sale. Eligible members made the annual trip to Chicago during which they went to a stage play, the Art Institute, and a French restaurant.

German Club Auction Raises Money

German Club members enjoyed a very successful year, from the opening meeting to the end-of-year picnic. Activities this year included the annual Oktoberfest, a homecoming float, initiation of new members, the spring trip, and the closing picnic. Films and guest speakers were often enjoyed at the monthly meetings. The principal money-making project was the Christmas auction, which proved both fun and worthwhile as it provided funds for the spring trip. German Club concluded its activities for the year with the May picnic.

"Veni, Vidi, Vici" or "I came, I saw, I conquered," was the motto on the Latin Club Homecoming float which won third place in beauty. That was only the start of Latin Club's year. The annual Roman Banquet was again held and enjoyed by the club. New Latin Club members acted as slaves for the other members. All wore Roman togas.

The Latin Club also participated in several money-making projects such as the customary bake sale. The returns financed the Roman Banquet and the annual trip to Chicago. Many of the members competed in a state Latin contest and received many excellent and superior ratings. This year has proven Latin to be very interesting.

Spanish Club's Ranks Expand

This year's Spanish Club had a very active and exciting year. Club entries in the Fiesta and Homecoming parades won honorable mention and second place respectively in beauty. The yearly Christmas party for Spanish-speaking first graders from Wallace School was fun for all. Spanish Club devised many money-making projects to earn the money to finance the spring trip. Membership grew this year. The group has much promise.

Monitors Keep Peace in Halls

Monitoring is no fun when there's a teacher watching you!

Monitors are a different kind of people. And it takes a different kind to run and help organize SHS. Although the monitors were often being bothered by Mr. Tinley and other teachers, they kept the halls and offices quite clear of other disorder. Despite these minor interruptions, the monitors remained loyal at their posts at all times, and protected the halls with the utmost dedication.

Student Council Attempts to

The students of SHS have seen an improvement this year in their representative board, the Student Council. The goal of this year's Student Council was to encourage the participation of the entire student body in the management of the student government. Informal sessions were conducted after school to give the students an opportunity to register their opinions. Student Council meetings were times of debate over such topics as the dress code as well as times of planning annual activities. This year's progressive ideas will have a lasting effect on SHS.

Members of the Pep Club, initiated by Student Council, used their feet as well as heads in making unique morale-boosting posters.

AFS Finances Foreign Students

Dave Schrader discusses his trip to Austria with Fons de Wit, foreign exchange student from Holland.

The American Field Service organization at STHS consists of adults and students who work jointly at raising funds both to bring a foreign student for the year to the US and to send a Sterling student abroad as part of the Americans Abroad Summer Program of AFS.

The international club feels that world peace is promoted through close relationships between individuals of different countries. The AFS students, placed with host families, are urged to become part of both the family and the school, thus gaining a better understanding of people in other countries, their customs, foods, and patterns of life.

Students Are Sterling's Pride

Cindy Wilkens, DAR Award recipient.

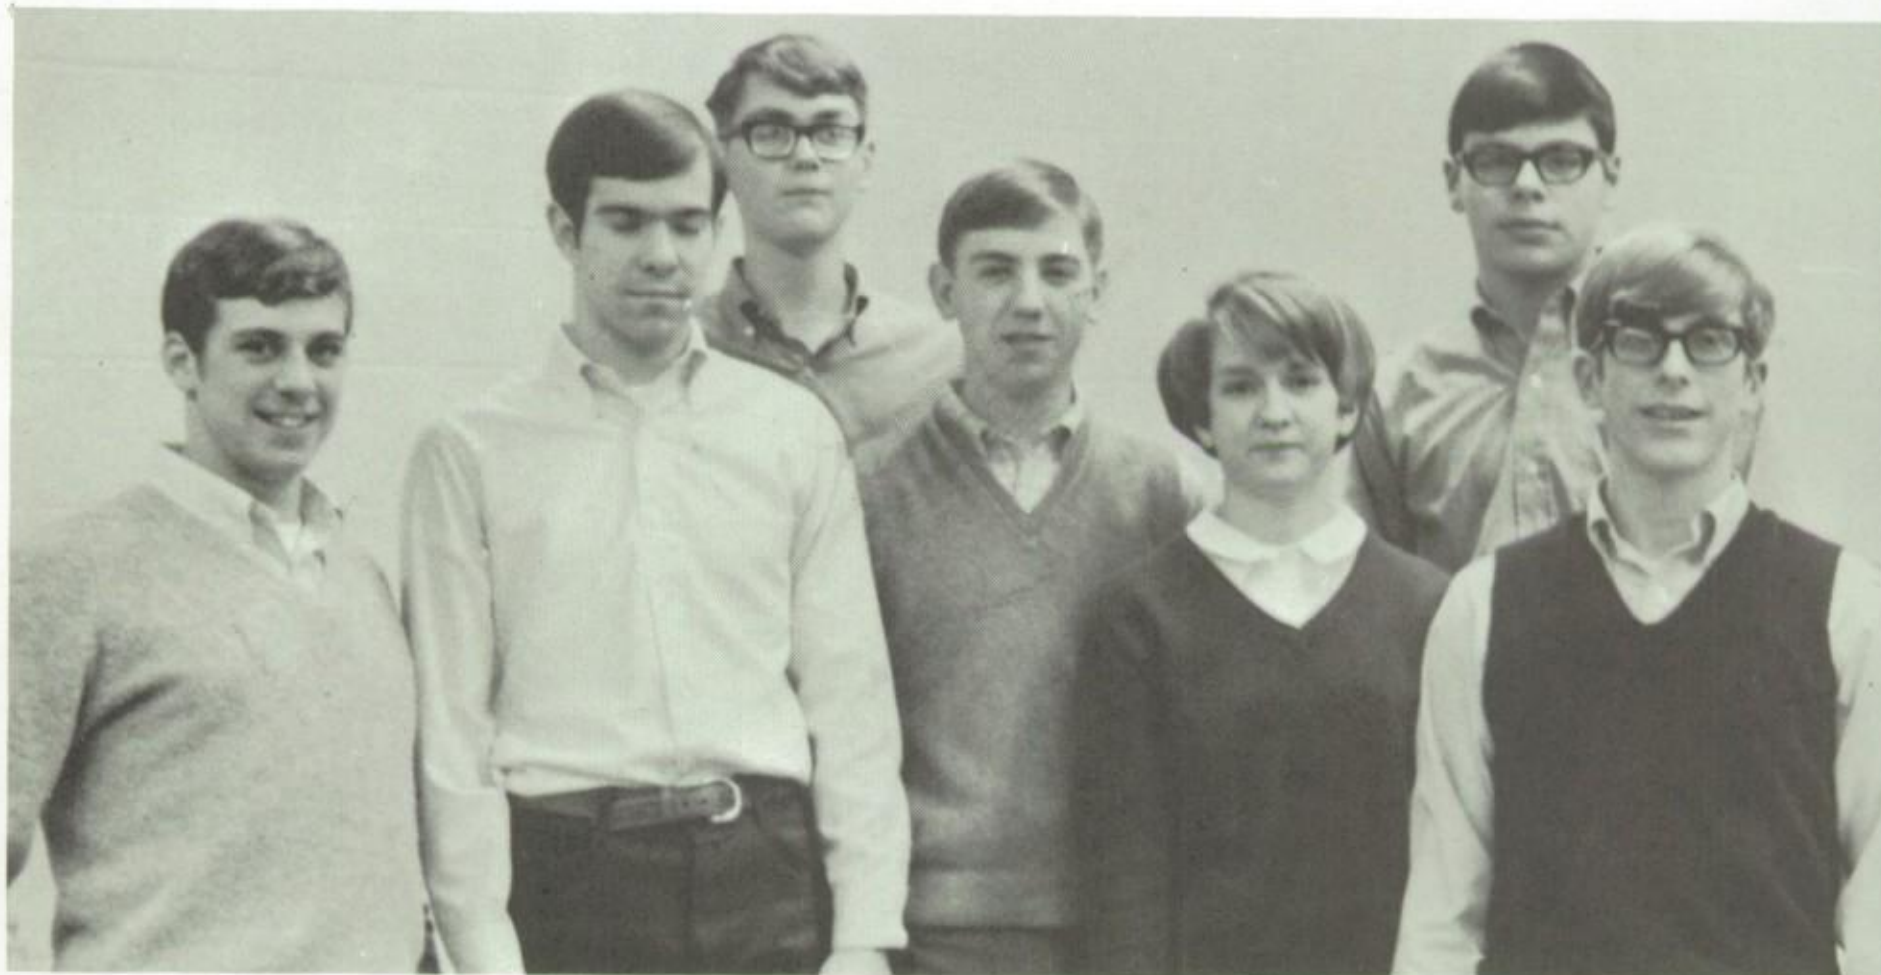

Dave Schrader, student in Austria.

During the past year, several students distinguished not only themselves, but also SHS by their activities.

Dave Schrader spent last summer as an AFS cultural exchange student in Neutillmitsch, Austria where he lived with the Franz Eiletz family and joined in their life and activities. He spent his last few days at an AFS National Committee meeting in Vienna.

Cindy Wilkens was the recipient of this year's DAR citizenship award. The senior senior class chose her for this honor on the basis of outstanding dependability, service, and leadership.

Several students also participated in the American Legion sponsored State program in Springfield which is an experiment in the operation of city, county, and state government. The students set up and ran their own government and also attended classes.

NHS Scholars Seek to Serve

Membership in the National Honor Society is nationally recognized as one of the highest honors a high school student may receive. Membership is, however, more than an honor. It carries with it an obligation to promote those qualities, scholarship, character, leadership, and service, for which National Honor Society stands.

Inductees, selected by the faculty on the basis of these qualities, are inducted in assemblies in November and May. NHS is an active organization. This year it co-sponsored the Turkey Trot, sponsored the annual book sale, and held a reception in the spring for the new inductees.

NHS member studies lessons to tutor next hour.

An Enlarged Drama Workshop

This year Drama Workshop was again not only one of the largest, but also one of the most active and productive organizations at STHS.

The organization is made up of several different groups which together handle all phases of performance production. These are: the acting, and the lighting, make-up, costume, stage, and publicity and promotion crews. All crew activities are directed by crew chairmen and the director. Workshop members receive points toward Thespian membership for their work.

The workshop sponsors three plays and co-sponsors the Variety Show. The fall play was "Enter Laughing" and the winter play was "All My Sons."

Thespians Produce Theater Arts

Actor and Thespian contemplates the responsibilities of producing successful theater.

The National Thespian Society consists of students interested in dramatics and the theater. These students differ from other Drama Workshop members in that they have contributed even more to the production of the school plays presented throughout the year, whether as chairmen of the crews or as actors.

This year's Thespian president was John Woodson and the vice-president, Phil Callighan. The advisors were Mr. Lindsey and Mr. Rylander.

Thespians held the annual initiation, a very formal evening affair for those Drama Workshop members with at least ten points. Stars were awarded to Thespian members accumulating more points.

Thespian activities included selling pop at the plays and taking trips to see other plays.

Team Debates Controversial Topic

The debate teams were very active this year as they debated the topic "Resolved: That the US should adopt a system of compulsory service for all citizens," in various debate tournaments. The teams participated in approximately ten regular debates plus five major tournaments which highlighted the year. These included conference, sectional, and state, in addition to the Rockford College and Augustana College Invitationals.

Participants were divided by ability into the three categories; varsity, sub-varsity, and novice.

FTA Promotes Careers in Education

Chris Nelson discusses her future plans with Mr. Clark.

The Future Teachers of America completed another successful year of monthly meetings and programs. The teacher-aide program, whereby members helped teachers by marking papers and constructing bulletin boards was again continued. A new program, Kadet Teaching, enabled some members to work as aides at surrounding grade schools. During National Education Week, the club gave flowers and apples to the teachers in appreciation of their hard efforts. Membership in FTA is open to anyone who would like to learn more about teaching as a profession.

FNA Learns About Medical Profession

Mrs. Kruse, R.N., guides Sterling High's Future Nurses of America. This group consists of students whose aspirations lie in the fields of Medical Science.

The programs this year featured guest speakers, movies, and interesting and educational tours throughout area hospitals, institutions, and convalescence homes. The highlight of the year was the trip to a large research hospital in Chicago.

The FNA group earned the money necessary to finance these tours this year through such activities as sponsoring a bake sale and working at the concession stand at home games. This year has been very active for FNA.

FHA Members Have Dinner Parties

Future Homemakers of America is a club which teaches young girls the basics of homemaking.

The knowledge gained by being in FHA is an extension of the practices learned in the Home Economics classes. Each FHA member had to either be in a Home Economics class, or have taken a semester of it previously.

Various projects that FHA was again involved in included a party for FHA and FFA members, a Mother-Daughter Banquet, and the annual Christmas party. FHA members also make stuffed monkeys to be given to the Dixon State School. FHA worked in many ways.

Buhrow Takes State Corn Award

The Future Farmers Association was an active club for students taking Vocational Agriculture. Spurred on by Mr. Schick and this year's President Craig Buhrow, 51 members actively took part in the club's special activities.

The year began with degree advancement ceremonies where green-horns could progress to chapter farmers. Then the annual Christmas party was followed by a public speaking contest. Also, the first months of the year were spent on money-making projects to finance the climaxing Parent-Son Banquet.

Service Clubs Aid STHS

Helping many confused students find their desired books is but one of the services provided by members of the Library Club. At regular monthly meetings, student librarians learn how to check out and shelve books, and how to efficiently run a library.

Another service organization is Audio Visual Aids, whose members deliver films, projectors, and other various devices to the teachers of SHS.

These clubs provide students with knowledge of the library and give them the satisfaction of serving people.

D.O. Provides Useful Experience

Office Occupations was one of the cooperative business courses offered to Senior girls this year. Applicants were chosen on the basis of recommendations by teachers, grades, and the availability of an area office opening. Attending school during the morning and working in an office during the afternoon was beneficial.

The other program offered was Diversified Occupations, which was open to boys and girls interested in and capable of working a half day in a field of their choice. The various fields available gave the participants valuable experience.

Both programs had clubs and activities climaxed with a students' and employers' banquet.

Science Club Does Advanced Work

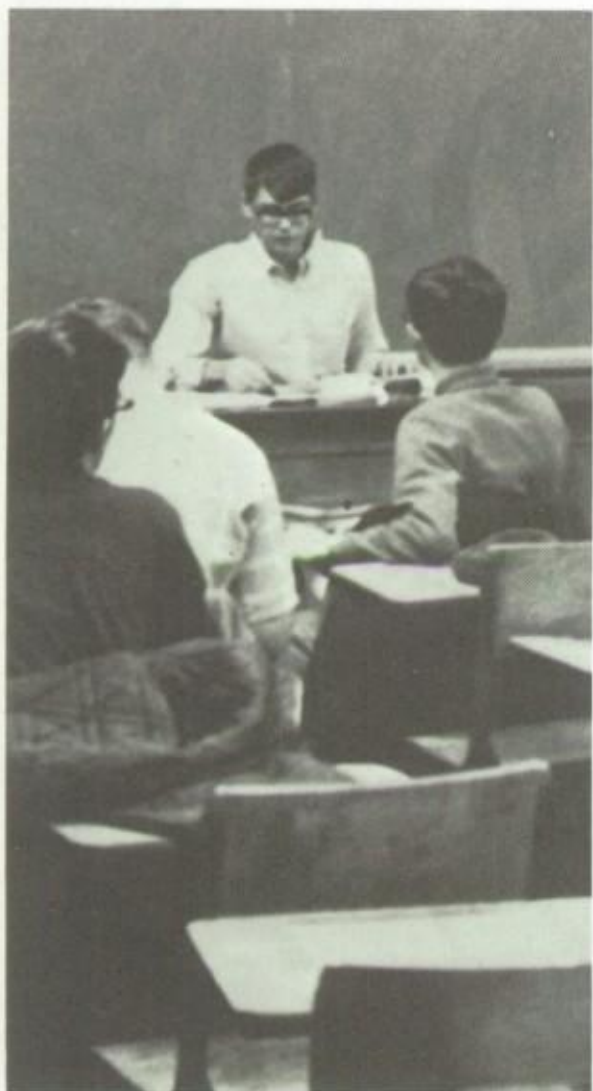

Science Club members concentrate on upcoming projects.

Students that join Science Club gain knowledge that is useful to them now and in the future. Projects give the members a sense of accomplishment with scientific skills.

The main project of this year's Science Club was the construction of a telescope. Mr. Sherman, the club advisor, helped members learn that the telescope is used for observation and astrophotography.

The Science Club went on three field trips this year. One such trip was to the Collins Radio Corp. in Cedar Rapids, Iowa.

Peppy Students Boost Their Guys

"Spirit Club," "Jr. Booster Club," and "Pep Club" all name the organization that showed SHS confidence. Members ambitiously and creatively decorated the school. Halls of streamers and clever puns led SHS to victories.

Student Council provided the initial leadership and financial backing for the new group. It later was an independent club that sold buttons, organized a record number of buses to games, and put on original pep assemblies.

GAA Promotes and Maintains Fitness

Ranking among the largest organizations at our Sterling Township High School is the ever-expanding Girls' Athletic Association. The GAA is designed to develop and promote fitness in mind, body, and spirit. The members keep physically fit by participating in after-school activities such as tennis, archery, aerial darts, basketball, tumbling, and hiking. The girls maintain healthy minds and spirits as well as bodies. The annual fall sale of chocolate bars supplies money for the group expenses. In the spring an Awards Tea is held, at which time awards are given to all eligible members. GAA girls not only sponsor the coat check, purchase new cheerleading uniforms, and buy a picture of the foreign exchange student for the school, but also host many social events.

Seniors easily win GAA aerial darts tourney.

"S" Club's Services Contribute

All Warriors who earn a Frosh-Soph, Junior Varsity or Varsity letter award are entitled to become initiated into the "S" Club, one of the school's largest clubs. To become a member is one of the highest honors an STHS athlete can gain.

The club, headed by its president, Steve Loos, and advised by Mr. Musgrove, sponsored many popular and worthwhile activities throughout the year. Two of the activities which they successfully sponsored were the always-popular Homecoming Dance and the "S" Club Circus. The proceeds from these activities were donated to AFS for next year's foreign exchange student.

The club sponsored the All-Sports Banquet and the Rose Award Ceremonies to honor athletes at the end of the year.

Besides cheering at the various sports activities, STHS pom-pon girls also executed many drills during half time at most of the football and basketball games.

Dressed in new blue and gold uniforms, pom-pon girls led the school in spirit. The swinging pom-poms and loud chants were a gay boost for SHS.

The ever-present Pom-pon girls added much spirit to Homecoming.

Gymnastics Enlarges Membership

Beth Lange gracefully completes a difficult hand-spring over the horse.

The Gymnastics Club, under the direction of Mr. Gould, completed its third successful year with a rising membership of 56. New additions included regular meetings, officers, and a constitution.

1968-1969 members were very active. Routines were expanded to include performance on the uneven parallel bars and suspended rings.

The purpose of the Gymnastics Club is to present to the interested student an opportunity for developing gymnastic skills beyond the class level, to stimulate an interest in physical development, to cultivate an appreciation for beauty, form, and movement, and to develop greater social and professional cooperation.

Stage band plays contemporary music as well as the school loyalty to brighten school events.

For several years, Sterling's music department has proven its excellence by its accomplishments at the District and All-State Music Festivals. These festivals are not contests. The District festival is an audition for the honor of being in the State Festival.

Of those Sterling students who attended the District Festival, in November, three chorus members, Darlene Powers, Barb Jones, and Tim Fischbach, and one orchestra member, Jim Flynn, were chosen to attend the All-State Festival in late January. The students could audition for a place in either the band, chorus or orchestra.

At the State Festival, the several hundred students spent the majority of the time practicing for their joint concert on the last day. The participants were under the direction of three distinguished university music instructors.

Mixed Chorus and Freshman Girls'

Solemn occasions are beautified by Robed Choir.

The activities of SHS students with interests in music are not limited. Any student may join a chorus. Those demonstrating talent are selected for the band and Robed Choir.

This year the SHS band gave 55 performances. Actually the band is composed of four different bands: the marching, pep, stage, and concert bands. Its activities included playing at assemblies, games, and in parades and concerts. The band serves the community and develops musicianship.

The Freshman Girls' and Mixed Choruses gave a Christmas concert at the Jr. High and a spring concert. The Mixed Chorus was also in the Fall Musical. Their purpose is to provide anyone with a choral music experience and to serve as training for Robed Choir.

Fons Sails from the Land of Tulips

Fons de Wit, the 1968-69 foreign exchange student, was admired and respected by Sterling High.

into SHS Hearts and Memories

STHS's seventh AFS foreign exchange student, Fons de Wit, arrived August 13 in Sterling, and just had time to get accustomed to his new family, the Richard Prescott's, before the school term opened. Sterling High proved to be quite a change for Fons from the private, all-boys school he attended in Delft, the Netherlands. In addition to having girls in his classes, Fons enjoyed seeing his first football game, and participating in Robed Choir, Student Council, and National Honor Society. Of course, life at STHS was different from life in the Netherlands but if Fons had any difficulty in adjusting, he certainly didn't show it.

Fons de Wit will hold a very special place in the memories of his fellow classmates, for he has taught us that the distance between students of different nationalities is not great at all.

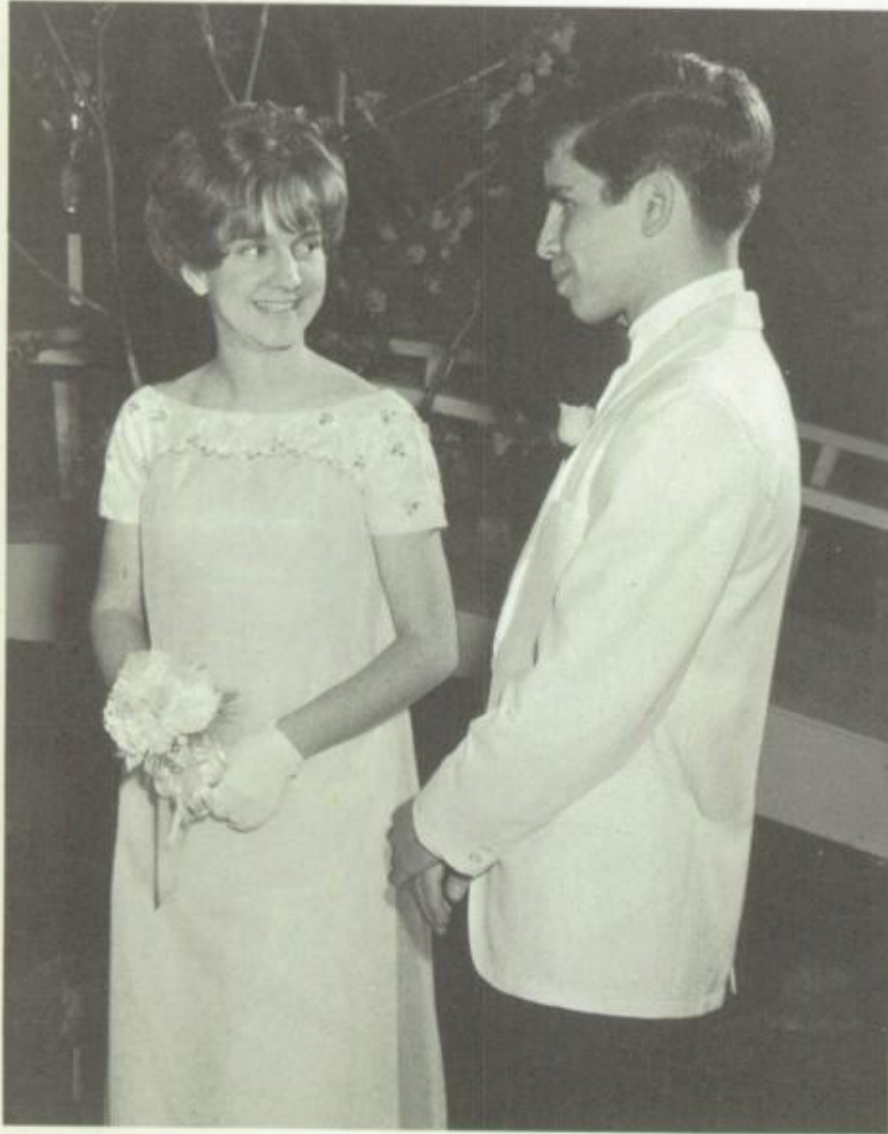

Wearing suit and smile, Fons outdoes SHS boys.

STUDENT LIFE

Fieldhouse Transformed into

Expressions of happiness were found everywhere.

Prom means many things to many people. To the 1968 guests, it meant a "Teahouse of the August Moon," which was as captivating as an actual tour in the Far East. A huge wishing well, complete with bewildered fish, decorated the entrance. Crossing over the adjoining bridge, along the lantern and tree-lined lane to the dance floor, a beautiful view of the giant pagoda with authentic Chinese chimes could be seen by the excited guests.

After Prom, cars were lined up for blocks on the way to the Post Prom at Emerald Hill Country Club, where students immediately "let their hair down" and decided what to do first: bowl, dance, play pool, or eat. With so much excitement, few (except those snatching short cat naps) were idle for even a moment.

Although dreams should last forever, they seldom do, and everyone was happily exhausted by six o'clock the following morning.

Industrious Juniors build ming trees to turn a corner of the fieldhouse into a teahouse garden.

Floats, Band, and Pom-Pon Girls

From Fons de Wit's lighting of the bonfire to the last song at the dance, the three day 1968 Homecoming was one of the greatest activities of the year.

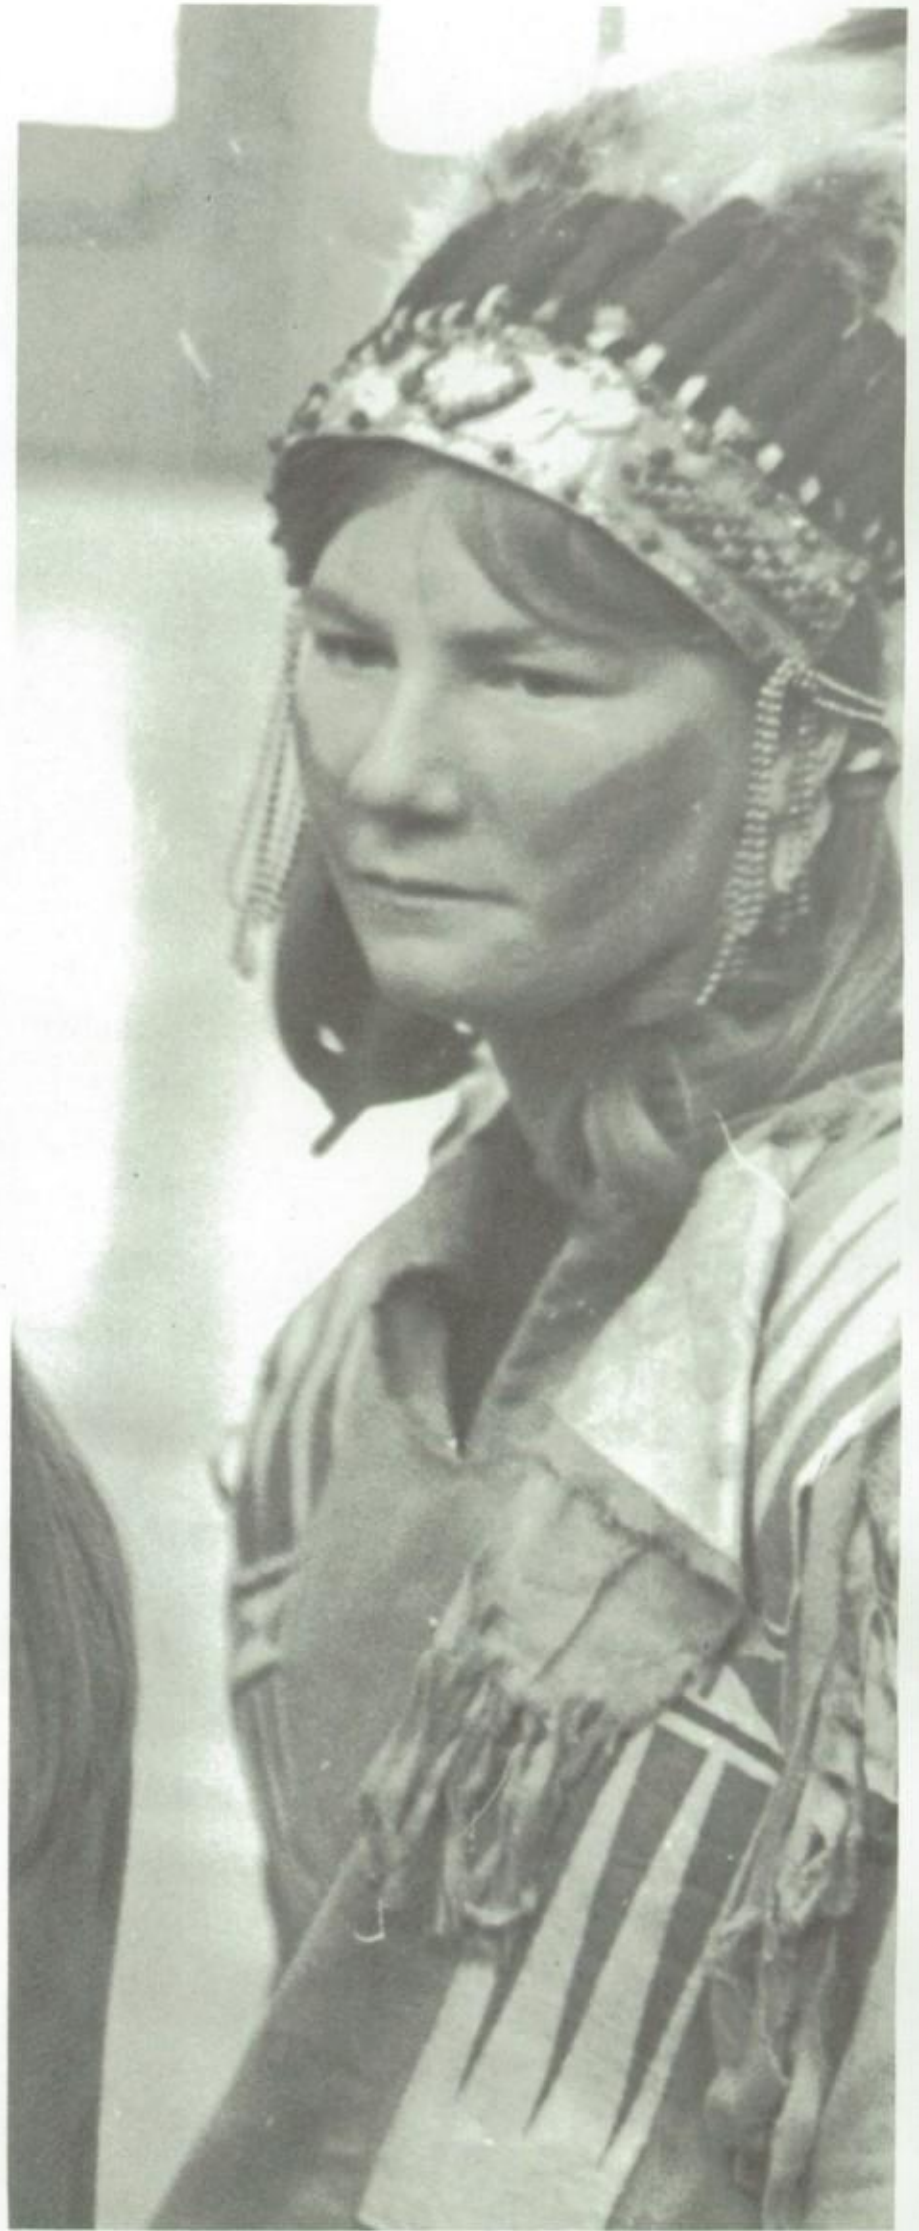

The weekend began with a large bonfire Thursday night. Mr. Schuler and the class presidents announced the Queen and her court. Then Coach Henard presented the varsity football team.

Friday's parade, complete with the floats, the band, and the pom-pon girls, was one of the most original and colorful ever held. Fifteen floats following the theme of campaign slogans competed for awards. After a short rally, all looked forward to the evening game. Despite the loss, everyone witnessed a close and hard fought contest.

The three suspenseful days were climaxed by the annual Homecoming dance in the fieldhouse. Music was supplied by the Sect, an excellent band.

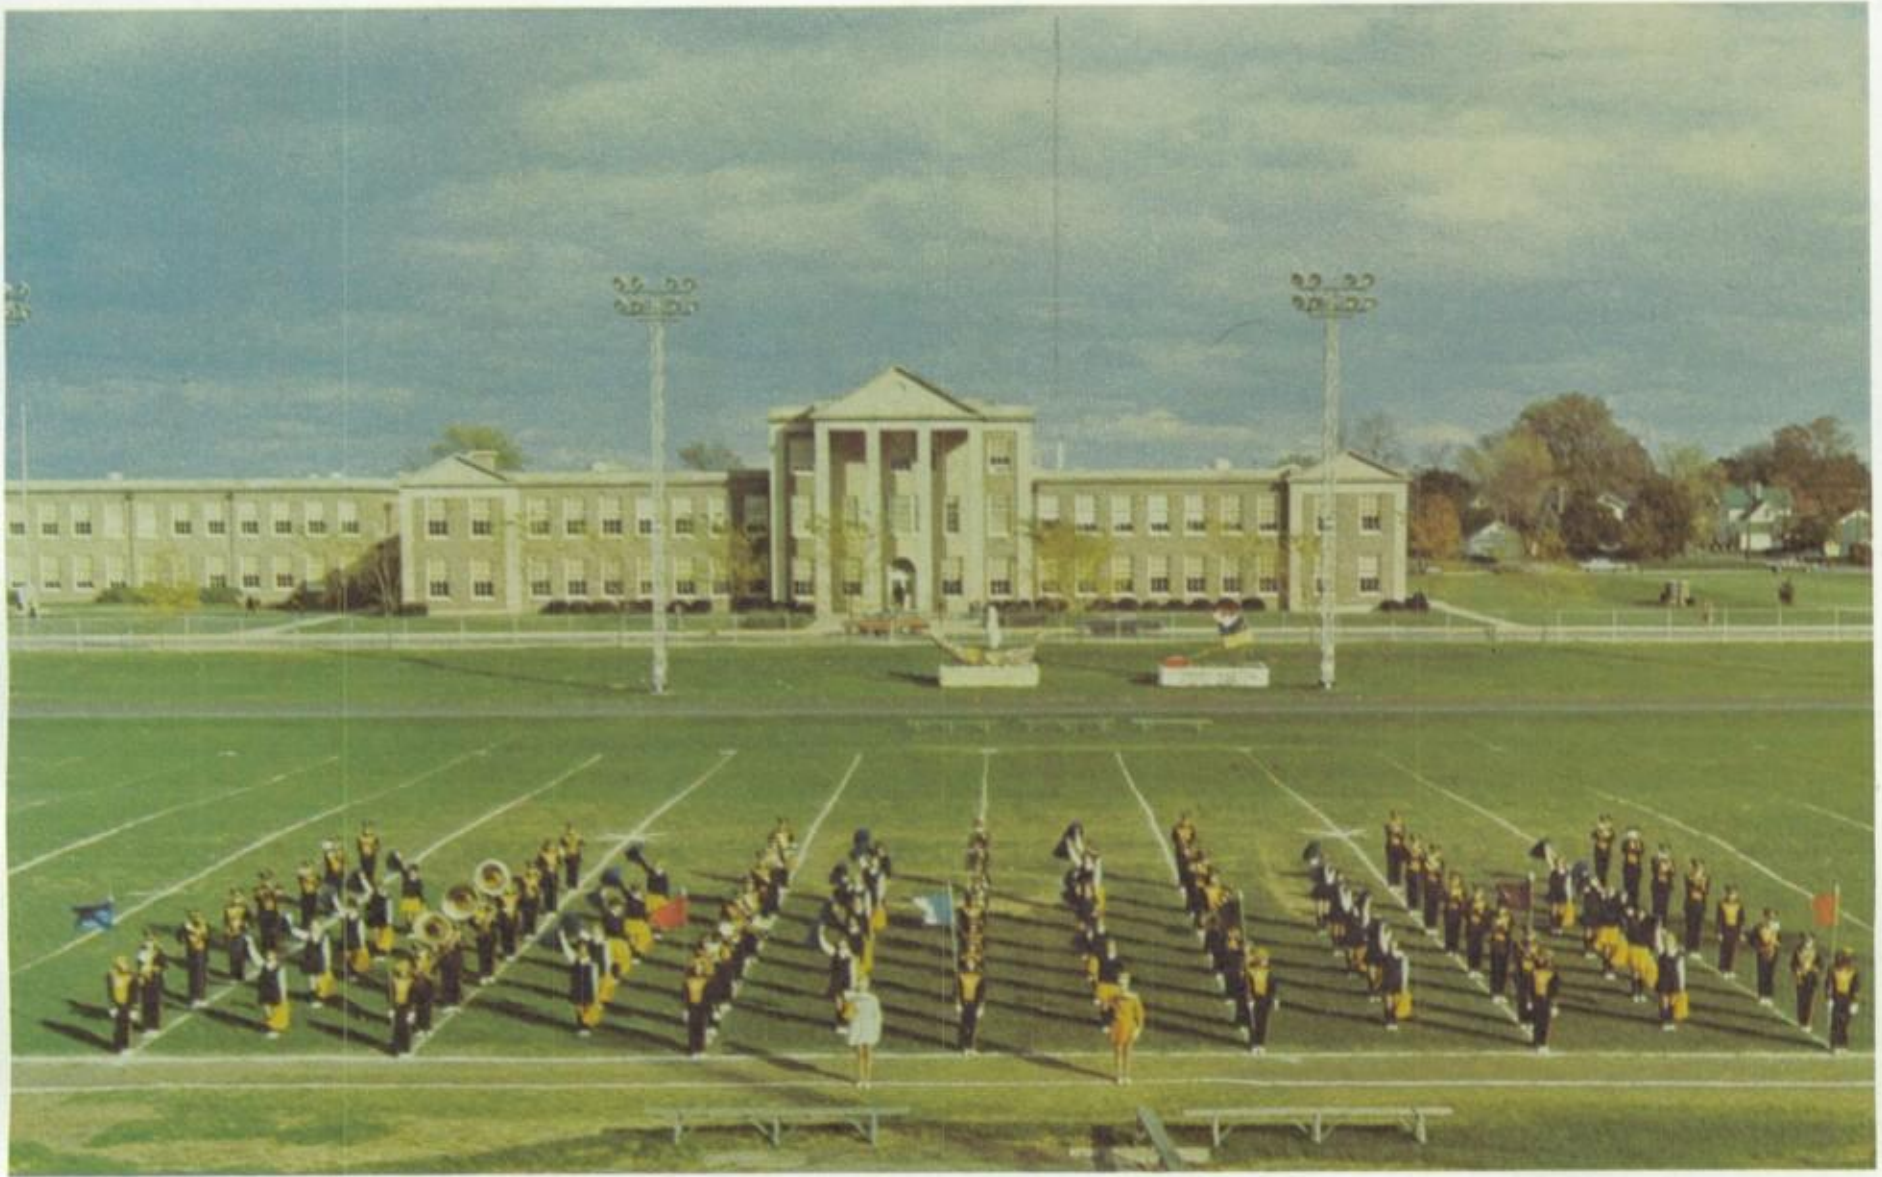

Because of strong wind, the bonfire nearly engulfed the crowd.

Dances Provide Clubs with Funds

This past year proved to be a swinging one for dance enthusiasts as both new and annual dances were held. Again this year, the Psychedelic Pumpkin was held with the music of the "Corner Store" drawing a big crowd of students.

"Pipers Alley" was present to furnish music for Seniors' final effort. The initiation of this new Thanksgiving dance, appropriately titled The Turkey Trot, was a success.

Of course, among the after-game dances were those sponsored by various clubs to make more money. These dances met the goals of their sponsors and the expectations of students.

Music and Students Filled Street

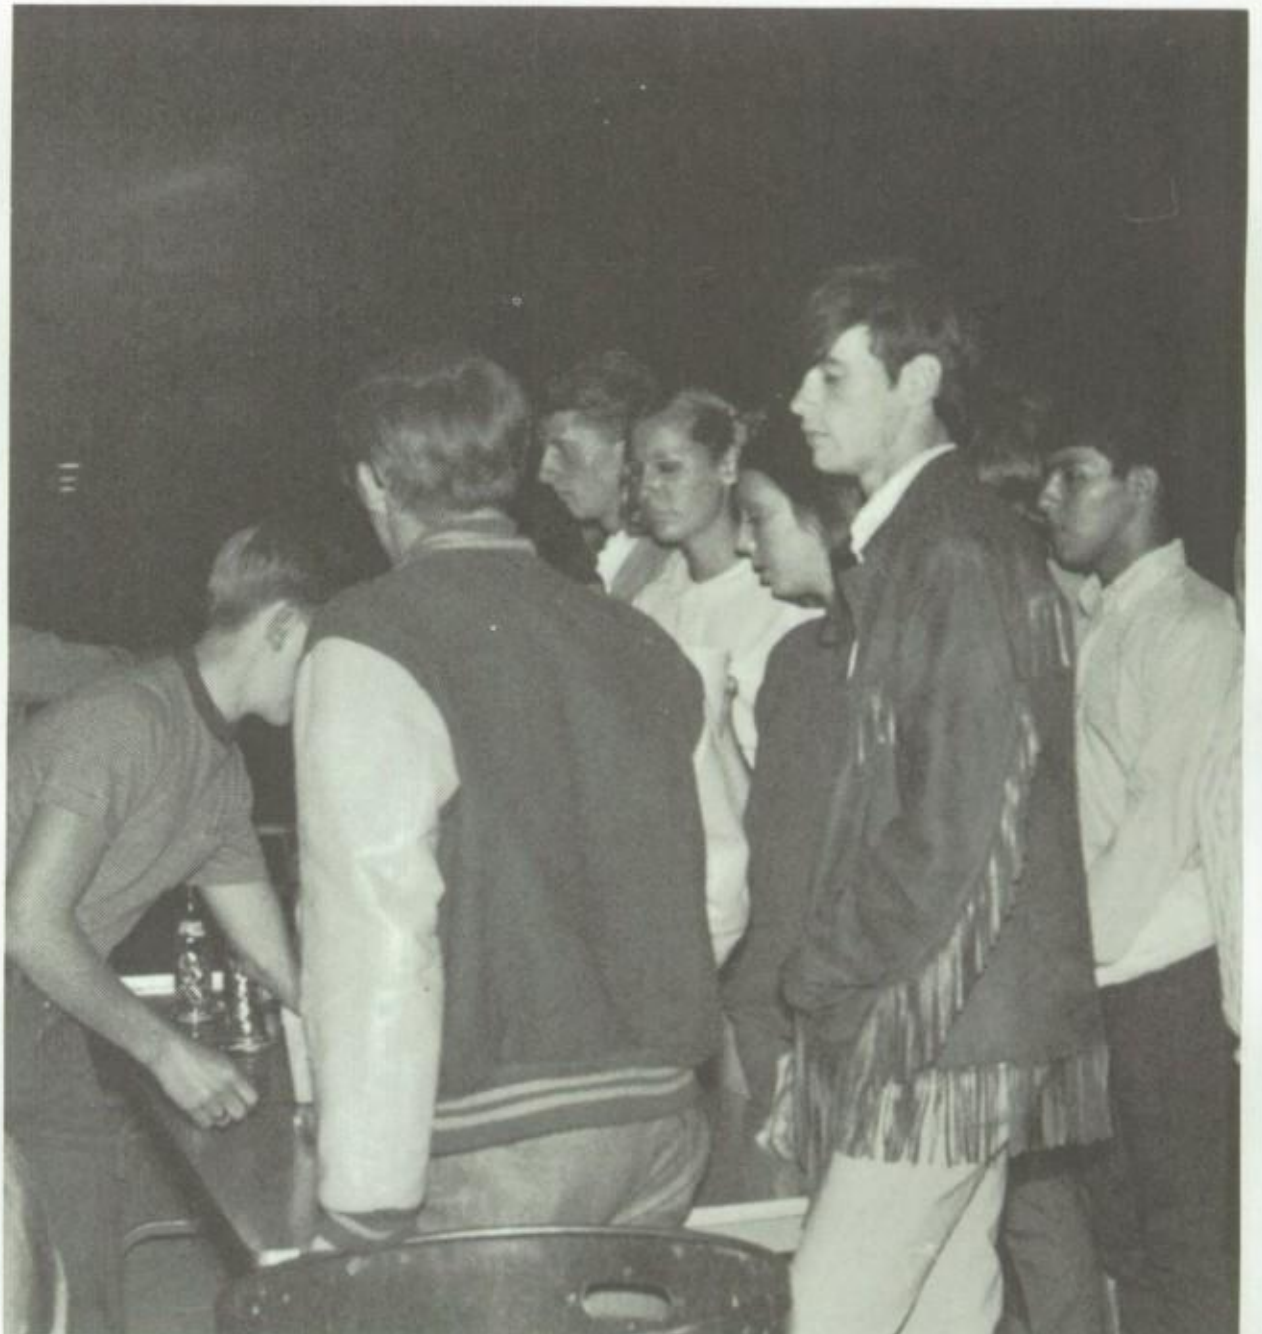

Mischevious looks tell of the fun had by all.

This moving year gave the student body of Sterling Township High School many opportunities to hear the popular musicians of the area and to dance to the sound of their music. Many groups sponsored dances to provide entertainment and to bolster their treasuries.

In early autumn Student Council sponsored the always-popular Street Dance. The Student Council was able to engage a well known popular group, the "Forrest City Sound." Many barefoot bonnies and brawny boys danced to the beat of this group from Rockford. This dance was very well attended. Student Council hailed it as a successful business enterprise.

Annette and Gordy Hold Court Over Dance

During the year many organizations sponsor dances in order to raise the money needed for their projects and activities. These dances also provide entertainment for both the sponsors and participants.

One of the most popular dances of the year was the annual Sophomore Valentine's Dance. Hardworking Sophomores decorated the multi-purpose room beyond recognition. This dance provided money for the future prom which the Sophomores must soon face. Annette Kolis and Gordy Fortney were chosen to reign as the 1969 heart royalty.

Co-ed Council's Snoball Warmed

Arvonne and Steve danced with honor during the Queen's Dance.

Amidst the cold and snow, the Co-ed Council's 1969 formal Snoball dance braved its way to success by boasting an attendance of over two hundred students and alumni of the three area high schools. Emerald Hill Country Club, music by the Vagabonds, and festive decorations added a Christmas Spirit.

Highlighting the evening was the Grand March of all senior girls and their escorts, from which a queen and court was chosen by male chaperones.

The warmth and gaiety inside helped everyone forget the fury of the weather, and provided many happy memories for all.

Two of the tri-captains relax after a long hard run around town.

This year's Varsity X-country team, coached by Mr. Wigginton, compiled a 3-2 dual meet record, as well as an impressive second place in the conference and the Geneseo Invitational championship.

The harriers were led by senior tri-captains, Tom Lawrence, most Valuable player; Scott Hitchcock, recipient of the Hustle Award; and Craig Weckesser, the barefoot wonder. Three juniors (Dan Over, John Cruz, and Lon Van Gilder) also had an important role in the success of this season, and will help next year.

Sterling Captures 3rd Place in

The 1968-69 playing season for the Sterling Golden Warrior football team was once again a hopeful improvement on their record from the previous year. Sterling's varsity team was able to capture third place in the conference. The Warrior's good passing attack and improved running attack proved effective against Sterling's foes.

Many excellent Junior players moved up to fill the varsity vacancies which occurred in the Senior squad. Next year Sterling's strong point will be the experience that these Juniors received this season.

At the annual Awards Banquet Steve Loos was named most Valuable Player, Joe Swope was awarded the Taulii Award. The Hustle Award was won by Rick Scott.

The Warrior wrestlers were once again a source of pride for Sterling High students. Although they were often referred to as "wrasslers," the STHS matmen always came through.

What was to be a "rebuilding" year for the Sterling Warrior wrestling squad turned into a victorious 13-6-1 season. The loss of ten seniors last year did not hamper the Warriors from again winning both the Conference and District championships and placing third in Sectional competition. This year, Sterling sent three juniors to state—Marc Hummel, Kirt Kradle, and George Biszak, thus ending an outstanding season.

These three boys should provide Coach Carson DeJarnatt with a nucleus for next year's squad. With the return of all but three regulars, the Warriors should have another excellent season next year.

The STHS Junior-Varsity wrestling team again had an excellent season. The Junior-Varsity diligently worked under the direction of Coach Morgan Michel. They compiled a season record of eleven wins and only one loss.

The Freshman grapplers have demonstrated the potential needed to follow in the footsteps of the past and present Varsity wrestlers. Their 5-2 record this season has shown that they have the STHS talents.

More important than records is the fact that the Warriors have gained much experience this year and will provide STHS with very strong wrestling squads in future years.

Warriors Take New-Mor-Roc-Ster

The Sterling Golden Warriors ended the 1968-1969 season with a 14-10 win-loss record. The team began their season by defeating Freeport by two points. They also defeated their three arch rivals: Dixon, Newman, and Rock Falls.

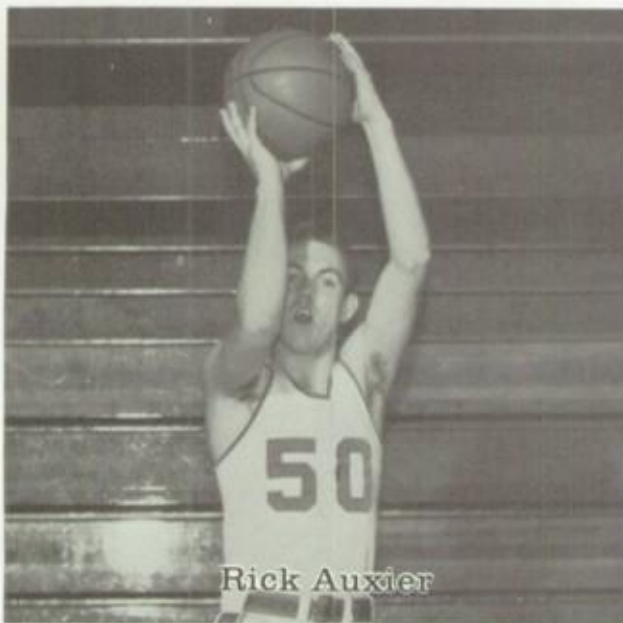

Several juniors from last year's team returned, contributing to the fine team. The games, on the whole, were well-played, and the team showed much spirit. The varsity coach, Gene Hall, also deserves a part of the credit for the Sterling Warrior's successful year. Besides having such a successful season this year, the Warriors have promises of an even better season next year due to the advancing juniors who will then lead our Golden Warriors.

Skillful JV Has Excellent Record

Coach Callahan's Junior Varsity basketball team finished the 1968-69 season with an impressive record.

The Braves, while not having a winning season, did much to aid basketball spirit at Sterling. With Gordon Fortney on the varsity, the Braves were handicapped by a lack of height and experience. They made up for this with the hustle and determination characteristic of Coach McKinzie's teams. Most of the losses were less than ten points and were decided late in the game. The leading scorers for the Braves were Dave Frommelt, Jeff Johnson, and Frank Lee. Four freshmen—John Moloney, Nyle Anderson, Jack Dombroski, and Kent Sathoff were on the team, with Moloney and Anderson occupying starting roles. The Frosh-Soph team possesses a bright future with these players returning.

Promising Future Seen in Freshmen

Mr. Musgrove presents the New-Mor-Roc-Ster championship trophy to the smiling victors, STHS.

This year SHS's freshman basketball squad enjoyed one of its best seasons in several years. Of the fourteen games played, the team won twelve. They also placed second in the LaSalle-Peru Invitational Tournament.

The eighteen team members are chosen from the approximately sixty boys who try out. The team is basically a preparation for the sophomore and varsity teams. Six freshman boys went on to the sophomore team this year.

Intramural Players Play for Blood

Between 230 and 240 boys participated in this year's intramural basketball program. The program has two divisions: the frosh-soph and the junior-senior. Each division has a National and American league. At the season's end, a league winner is named in each league and a tournament is held in the junior-senior division for which trophies are awarded.

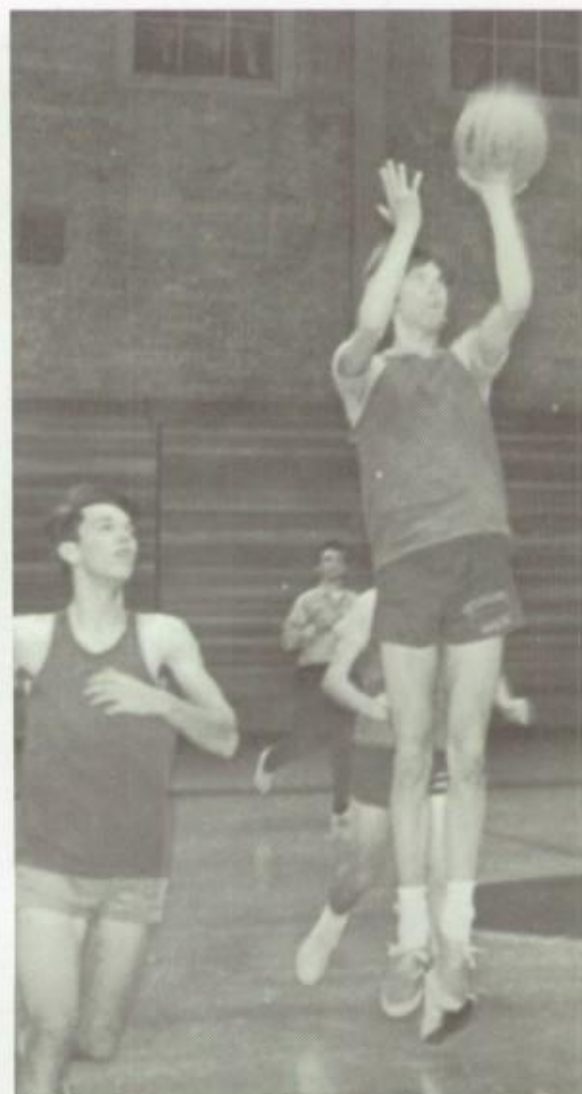

The junior-senior division also chooses from its members the Intramural All Stars who play the Faculty All-Stars in the "S" Club Circus.

Both Frosh-Soph and Varsity squads emerged victoriously with the NCIC championships.

Sterling Golfers Swing Into Gear

Sterling High's Golf Team had one of its best years in history during 1968 with a record of 9 wins, 1 loss. Returning lettermen, under the direction of Coach Finney and his assistant, Mr. Paris, paced the team to an eighth place berth in state competition.

Experience and determination enabled the team to capture first place honors at the NCIC conference and the district meets. R. Pettit's second and C. Walrath's twelfth rating made possible the fine eighth place team finish. Thus they ended a great golf season.

The excellent varsity team enjoys Coach Finney's "pointers".

Happiness Is Having a Perfect

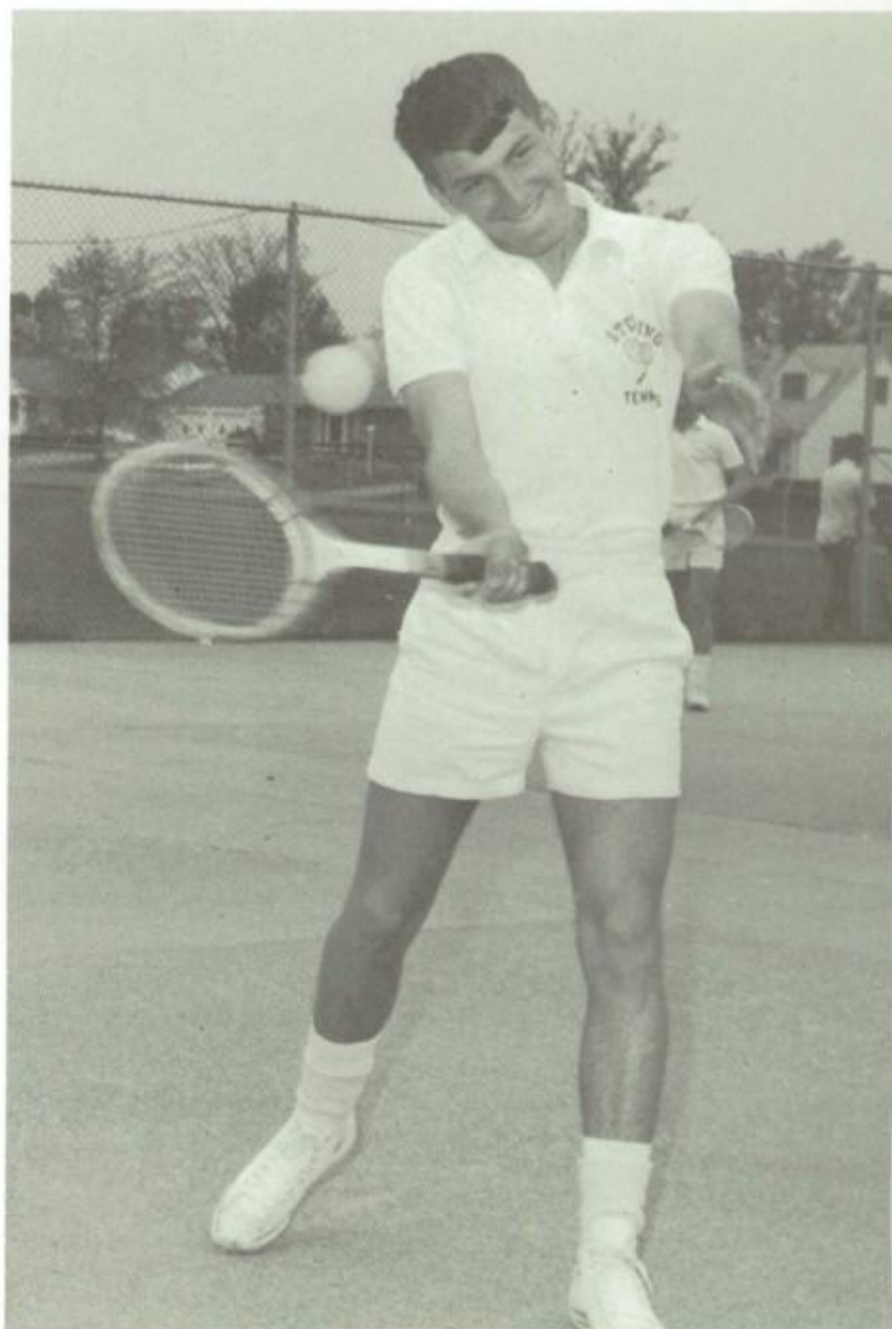

The 1968 Tennis team ranked as one of the finest teams that Sterling Township High has ever produced. They were led by seven returning lettermen who helped spur the team on to victory. The Varsity squad compiled a perfect 7-0 dual meet record.

The varsity team under the coaching of Mr. Hall and Mr. Callahan, won the always-challenging Freeport Quadrangular. Sterling captured four great firsts in the doubles competition.

This years team consisted of four squads composed of netmen of varying abilities. Some Junior varsity netmen were able to participate in Varsity meets. Fresh-Soph and Freshman squads also had active seasons.

Coach Henard's Baseball Team

In their 1968 season, the Sterling Warriors' Baseball team had an encouraging record. In the 1967 season, the Warriors played 20 games. The final record showed 11 wins and 9 losses. This year Coach Henard enlarged the playing schedule to 23 games. Of these 23 games, the Warriors won 16 and lost the remaining 7 games by very small margins. As in past years, most of the games were played against Iowa teams.

This year the team voted Howie Day the Most Valuable Player and George Stubbe the Hustler.

Since many 1968 team members were underclassmen, a fine team is expected next year as well.

New Cheers and Great Enthusiasm

Soph's skill and enthusiasm bring victories.

Frosh-Soph—Top to Bottom: A. Kolis, C. Griesser, S. Helms, A. Ohda, M. Sedig, C. Castendyck.

Varsity cheerleaders execute new cheers and their enthusiasm appeals to loyal SHS rooters.

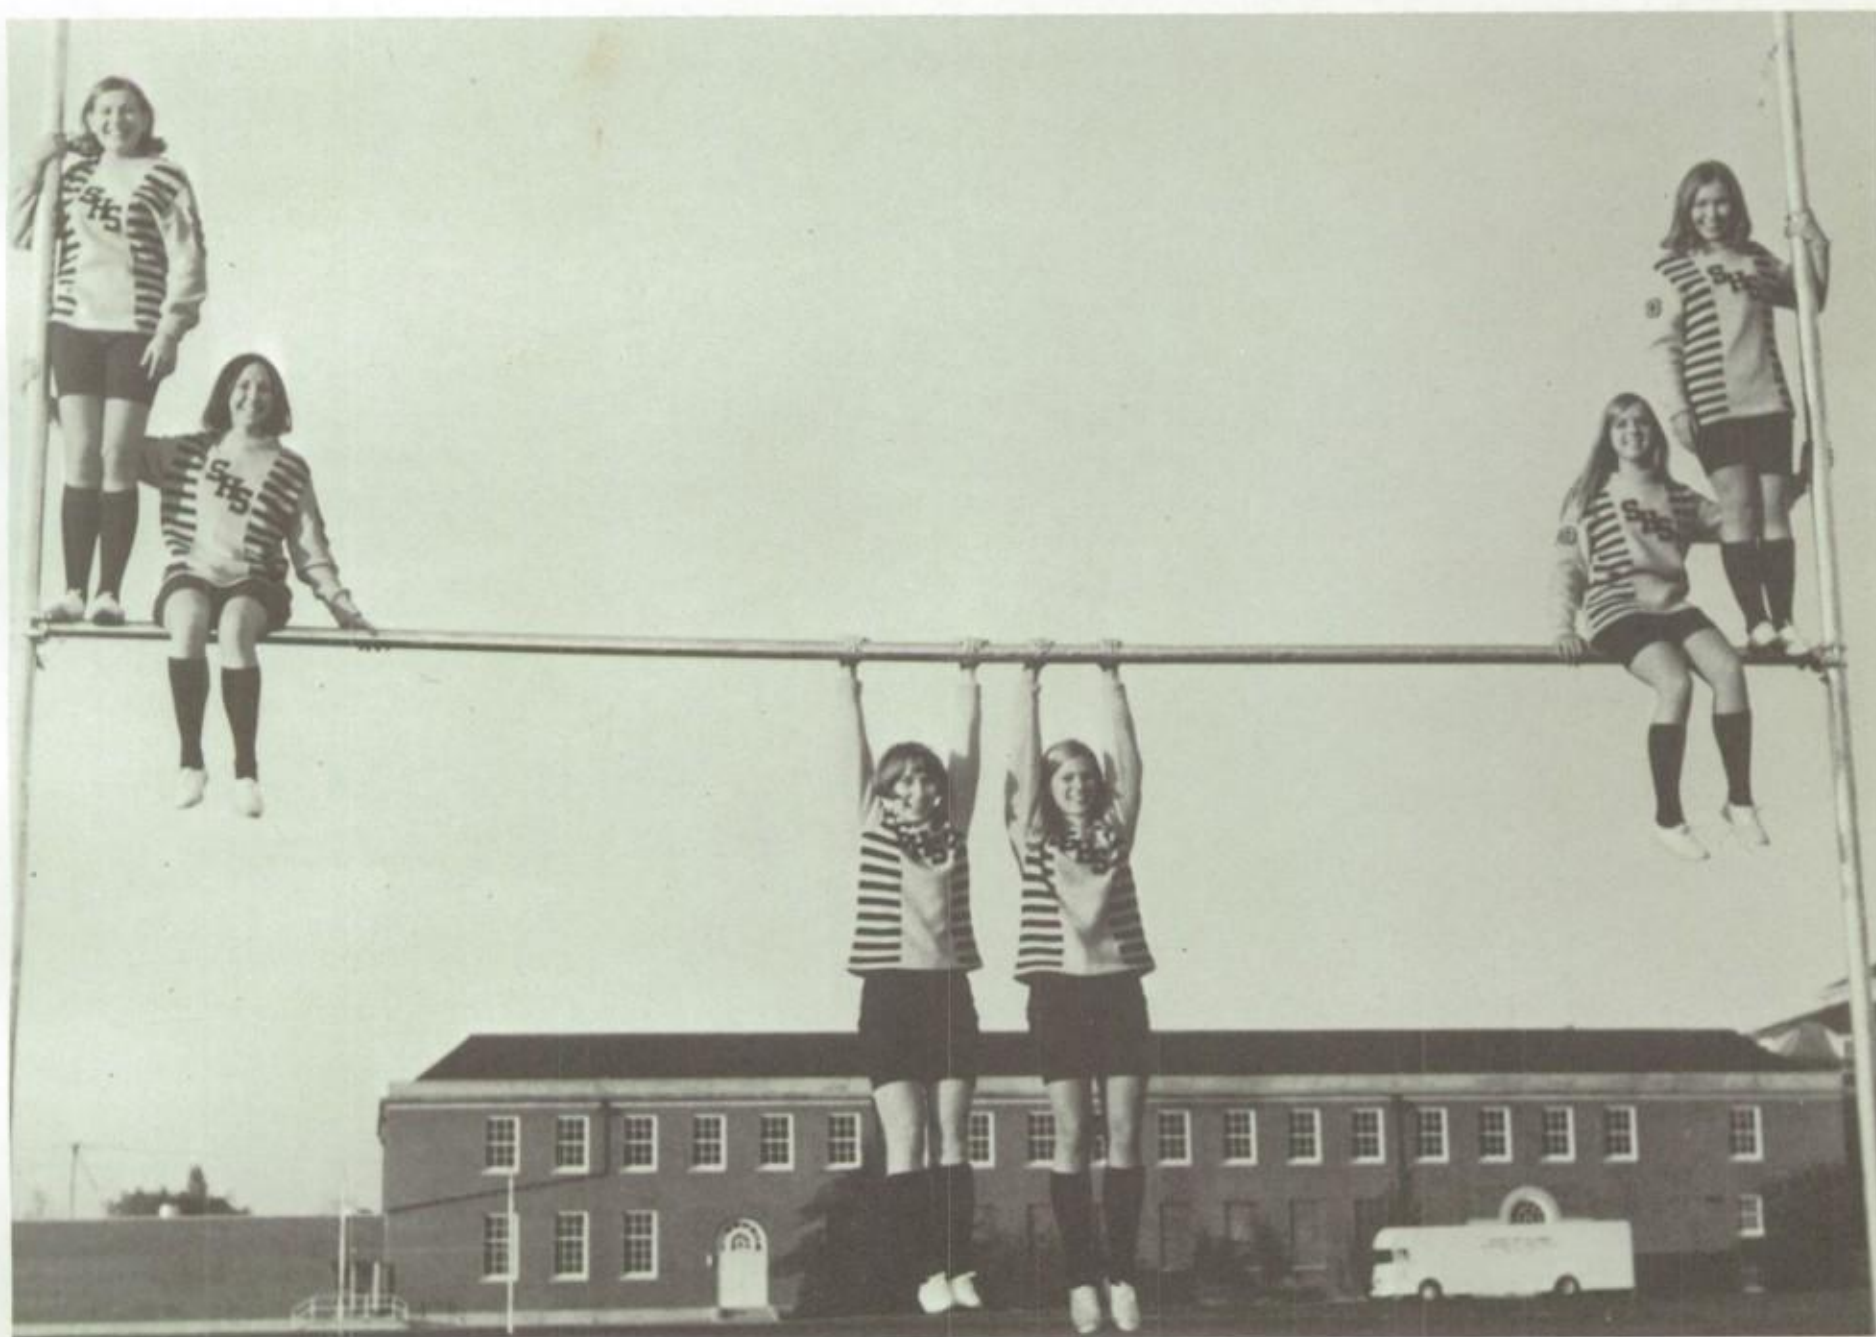

Added Spark to Warrior Power

"Zz-Pow!" comes the cry as the SHS cheerleaders boost their guys to a victory. The cheerleaders, varsity and frosh-soph, are always there to lead the student body in support of Golden Warriors.

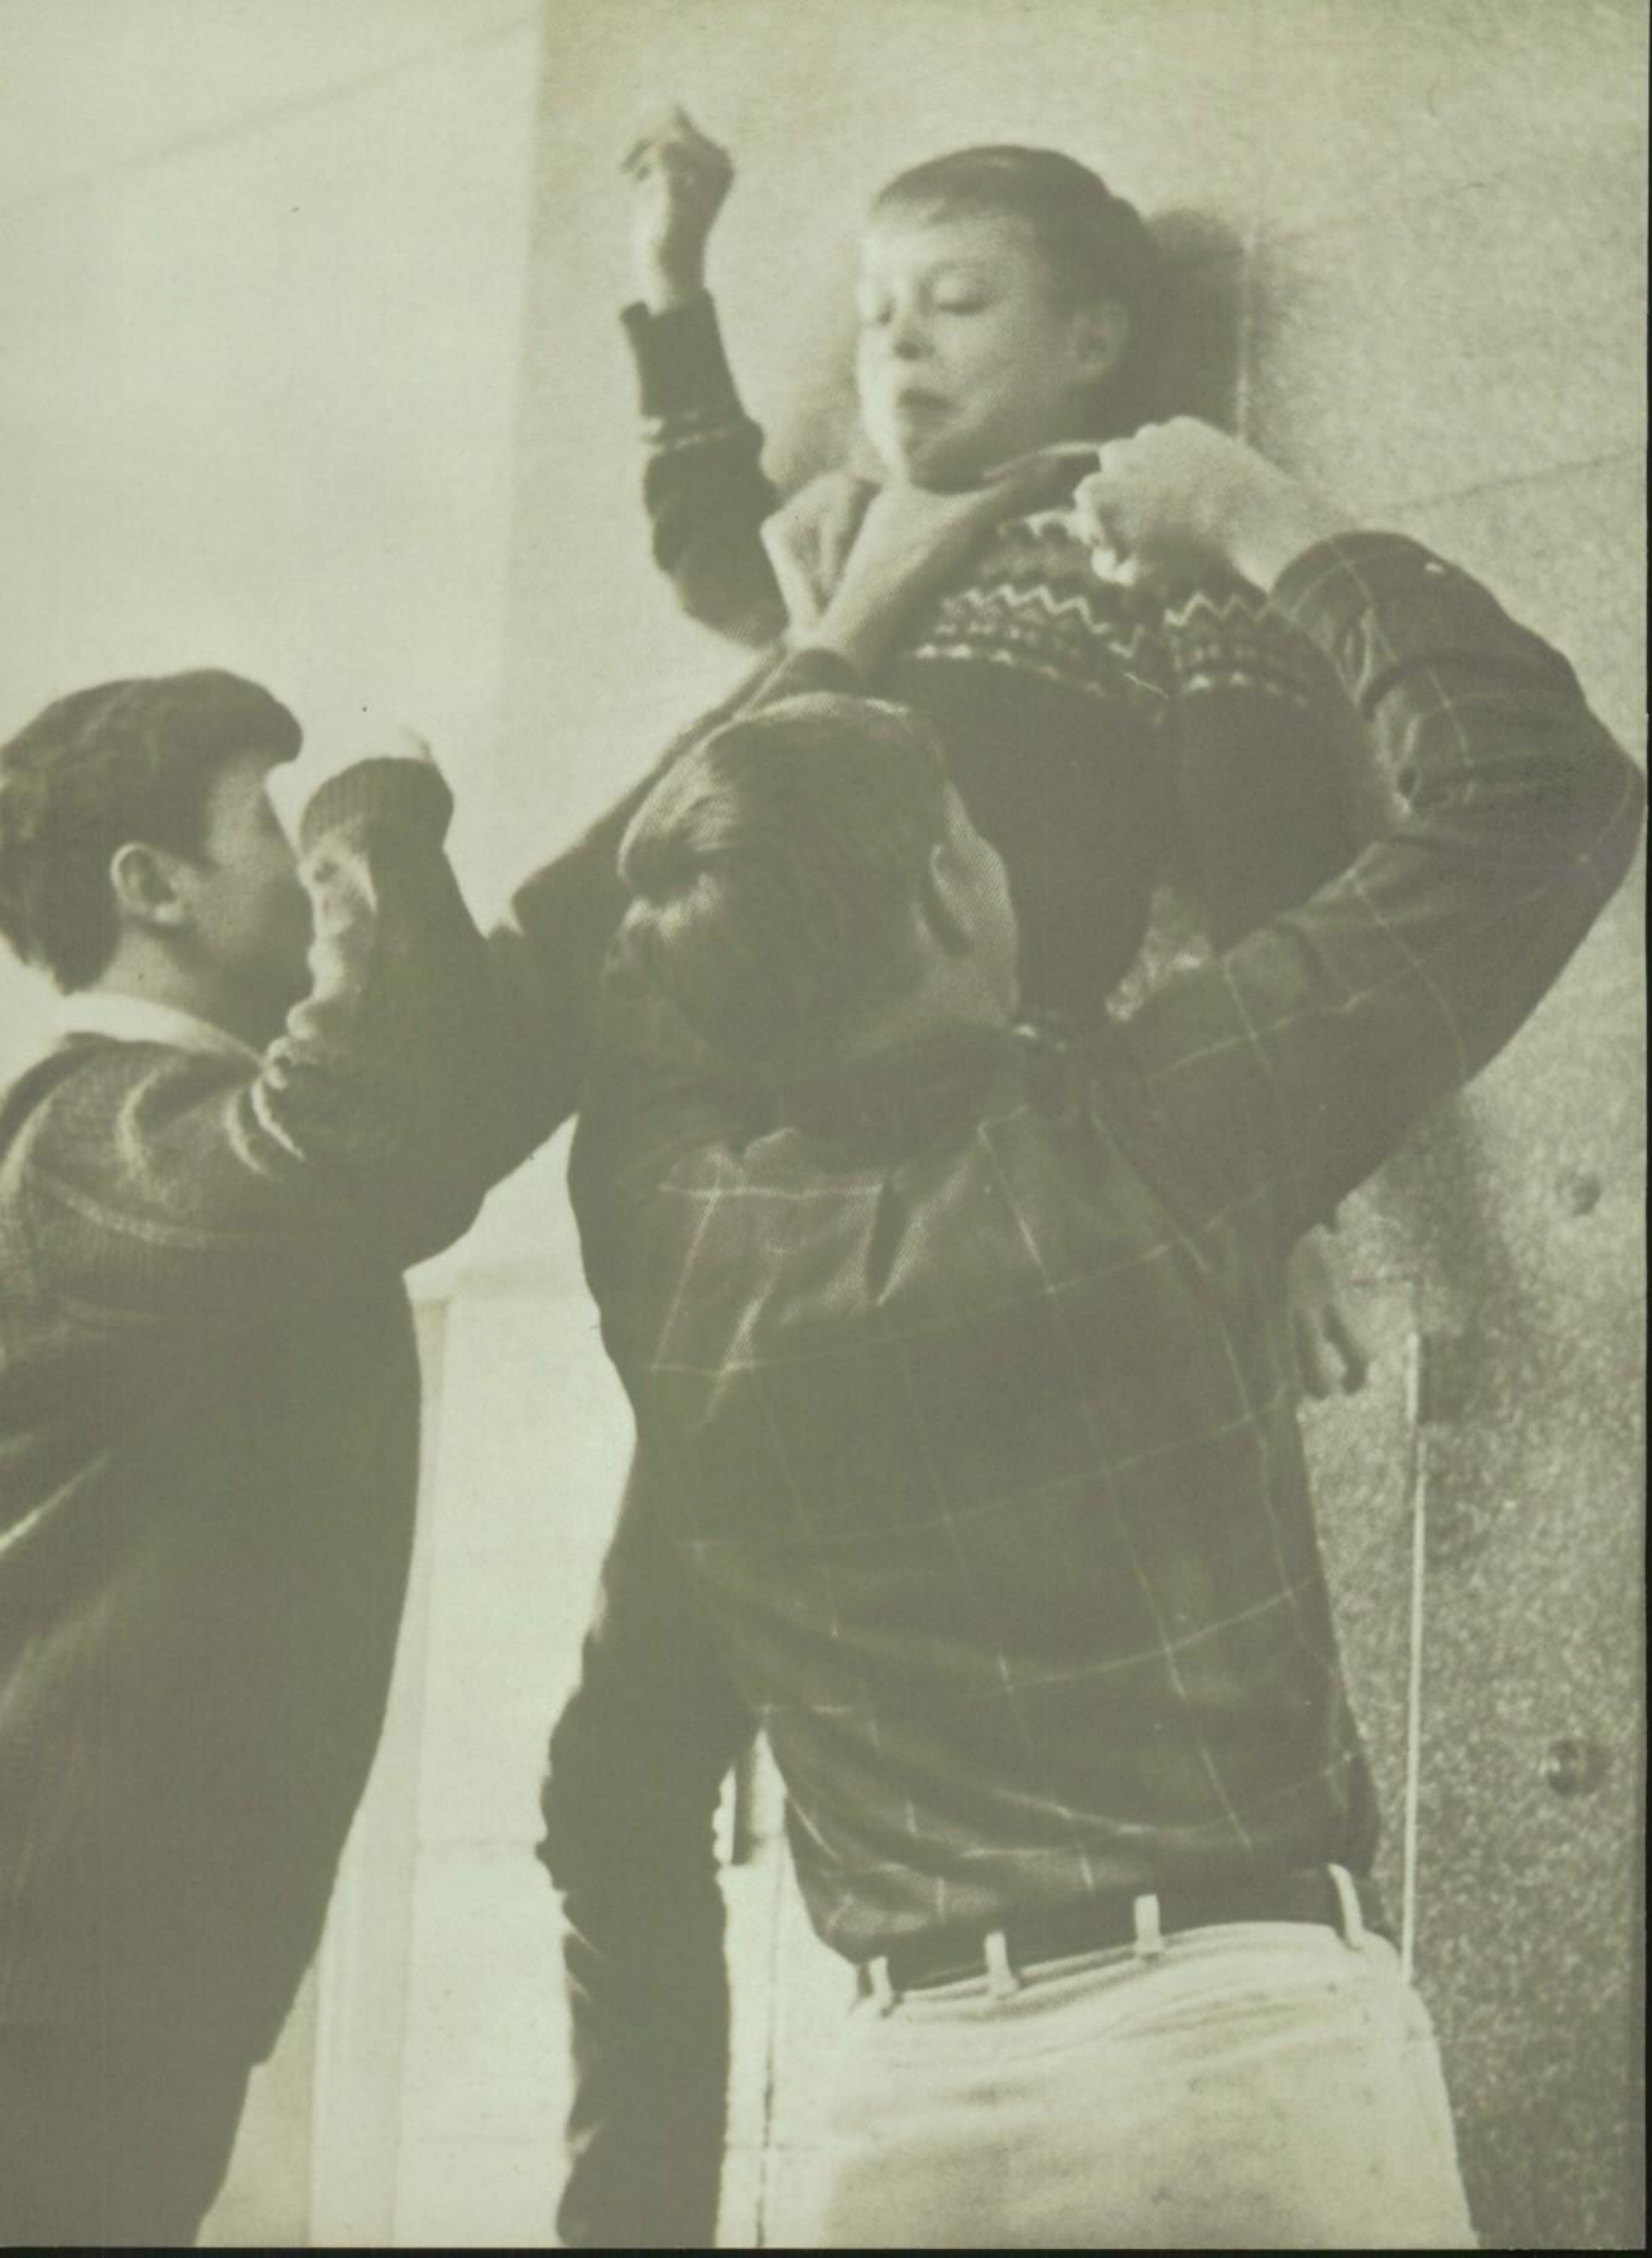

After attending a summer camp at Lake Geneva, the varsity girls presented new formations and cheers that were readily adopted by the students. These cheers and the cheerleaders' enthusiasm helped liven up pep assemblies.

Familiar words and actions are given new perk.

Varsity: Kathy Lapp, Rhonda Renner, Billie Appenzeller, Arvonne Renkes, Cindy Wilkens, Denise Andreas.

UNDERCLASSEN

Float, Dances, Prom—All Great

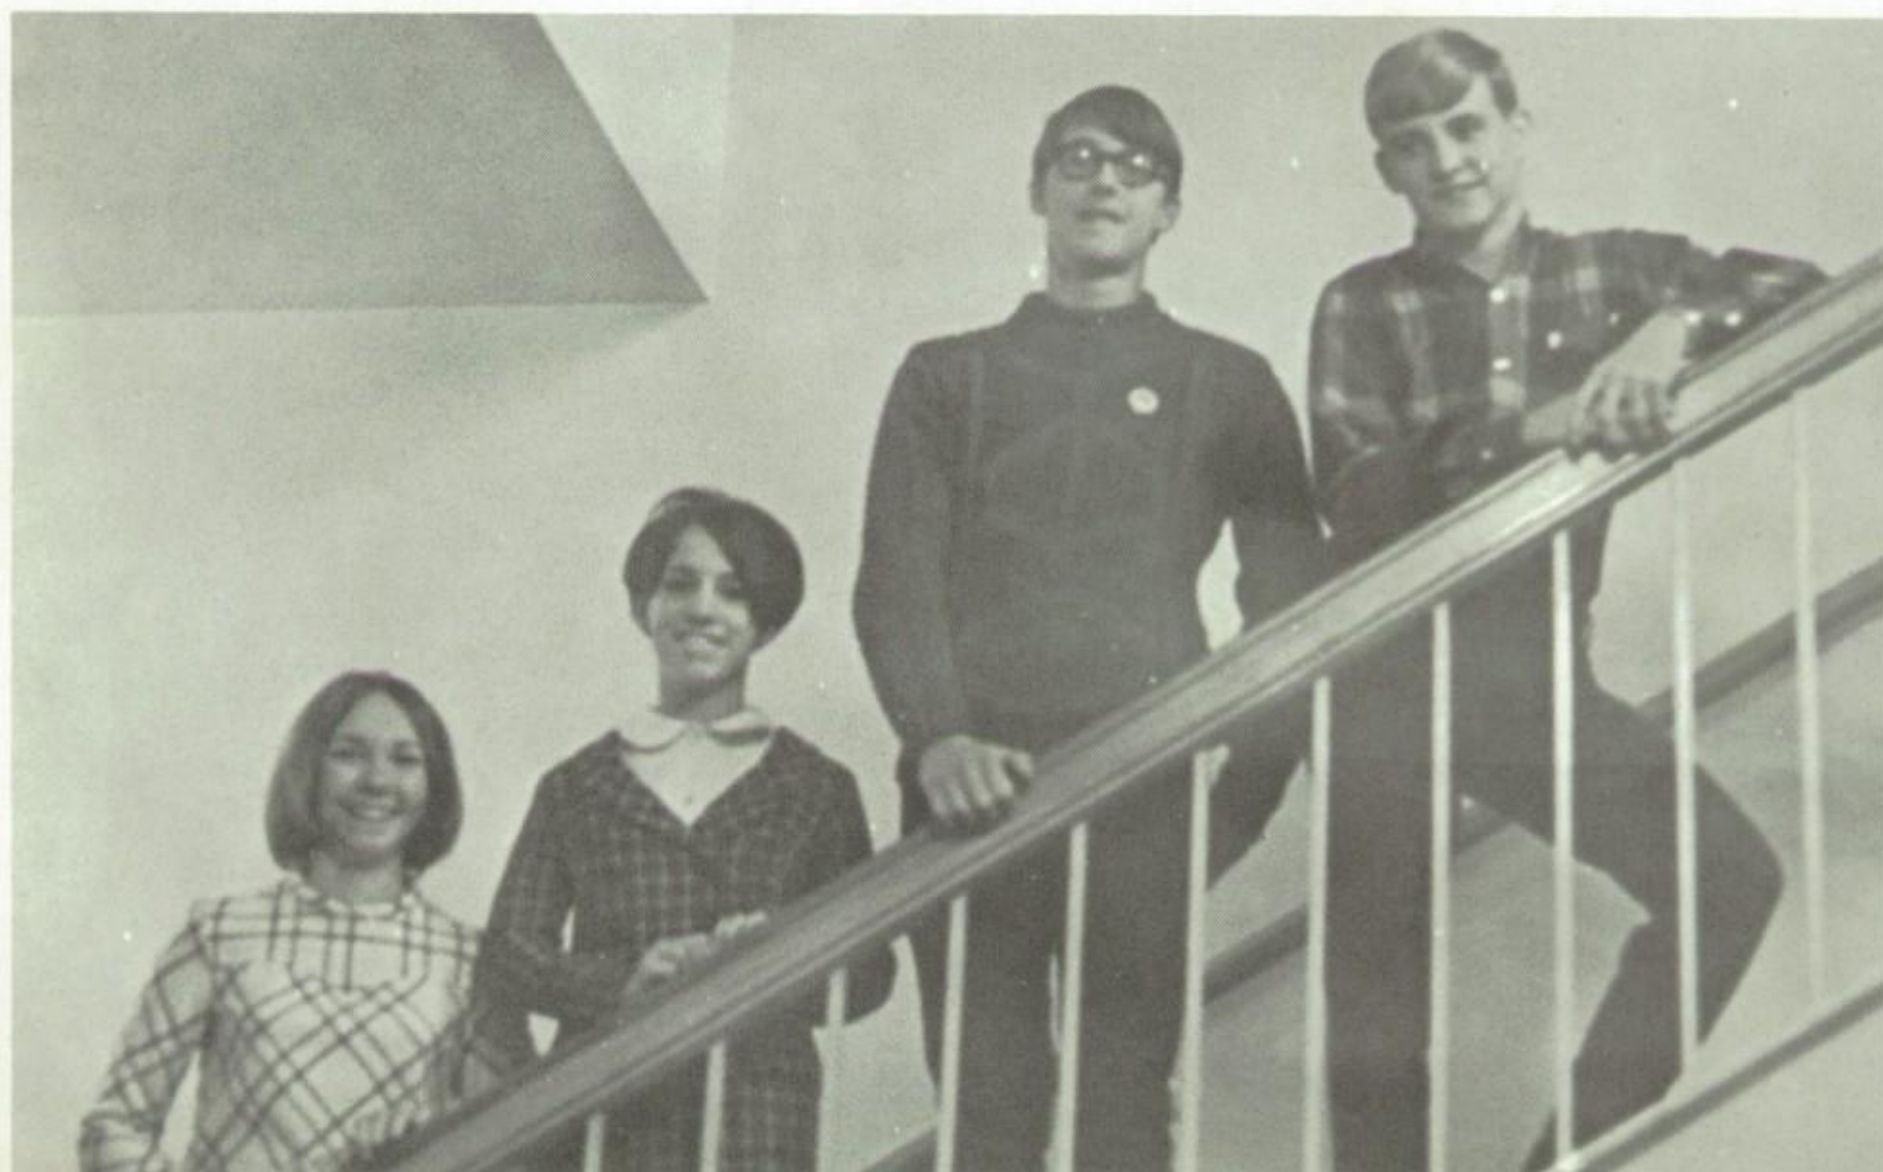

Emerging from mountains of books and homework, this year's juniors look back on their exciting and sometimes exasperating year as they achieved the rank of upperclassmen. With this status came the power of experience and social prestige as sponsor of the Prom.

Cramming for tests and staying up until dawn with homework are memories in any junior's year. Happy memories of the money-making projects for Prom and working on Prom will never be forgotten.

It is with much sadness that the juniors realize that soon their high school days will only be half-forgotten memories. The numerous clubs, difficult studies, and work on Prom gave a sparkling finish to this already glowing year.

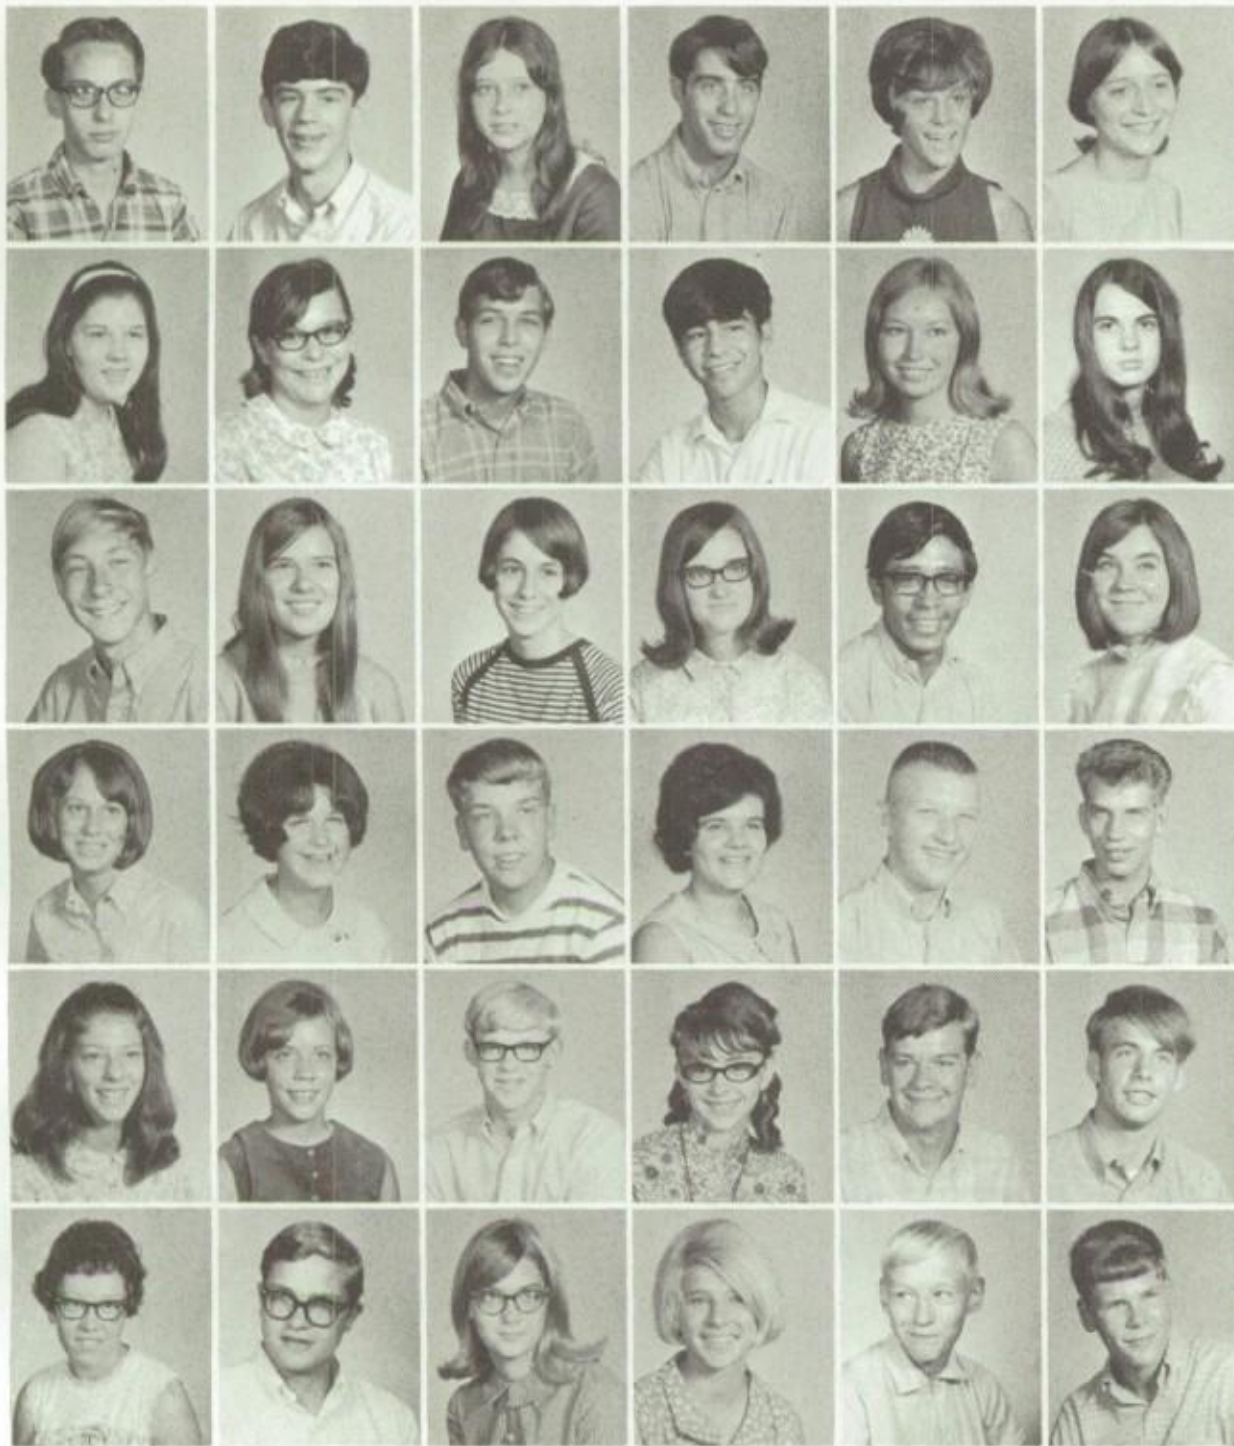

Juniors worked on research papers last quarter.

Junior Class Officers: Rhonda Renner; Vicki Maple, Secretary; Mark Kalachnik, Vice-President;

Marc Hummel, President.

Sophomores Enjoy New Status

Sometimes the in-between years are boring ones, but the Class of '71 has proven that the sophomore year is anything but boring.

Proving their foresight, the class worked hard sponsoring bake sales and other money-making projects for the most important event of the next year, Prom. Their big project was a Valentine Dance which they arranged according to custom.

They took on more activities this year as they had gained confidence after completing their freshman year. They now had their own cheerleaders to lead them. Sophomores also helped put on the skits at assemblies for the first time. They also kept active by building their float for Homecoming, learning to drive, and choosing their class rings to wear next year as upper-classmen.

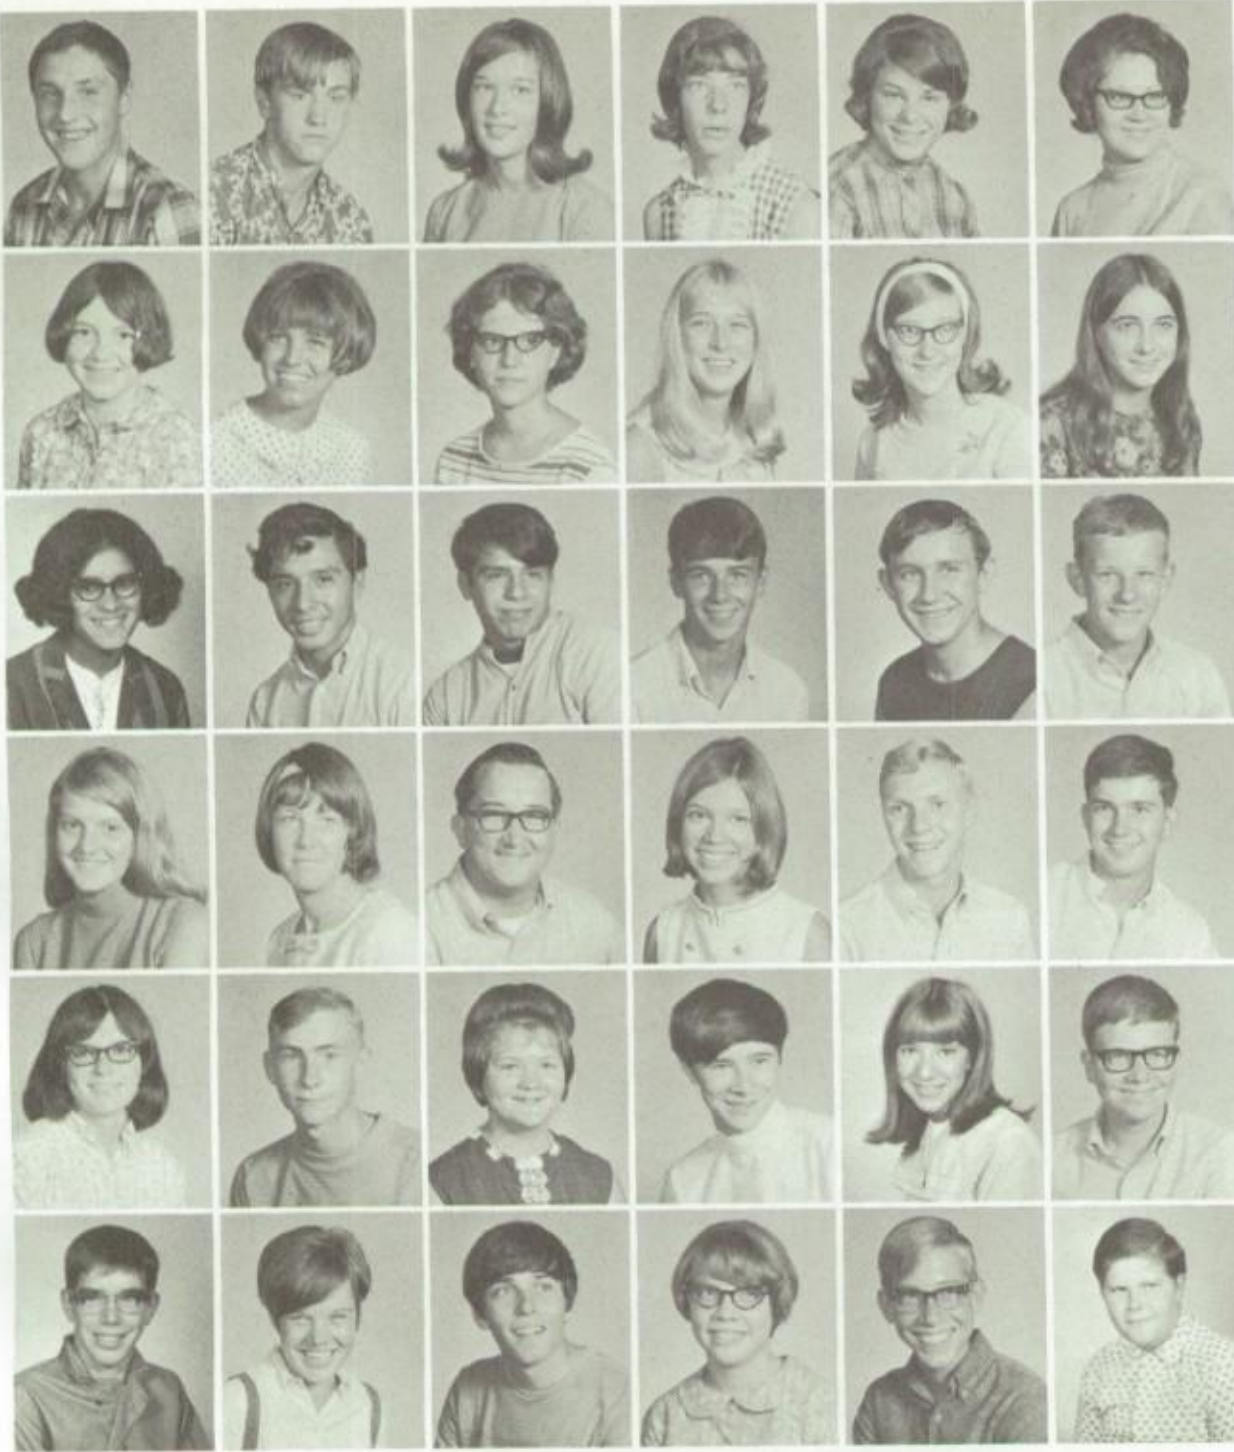

The Sophomores had an impressive float.

Frosh Meet Challenge of STHS

To a cute sweet girl. Miss Sekti. Maggie.

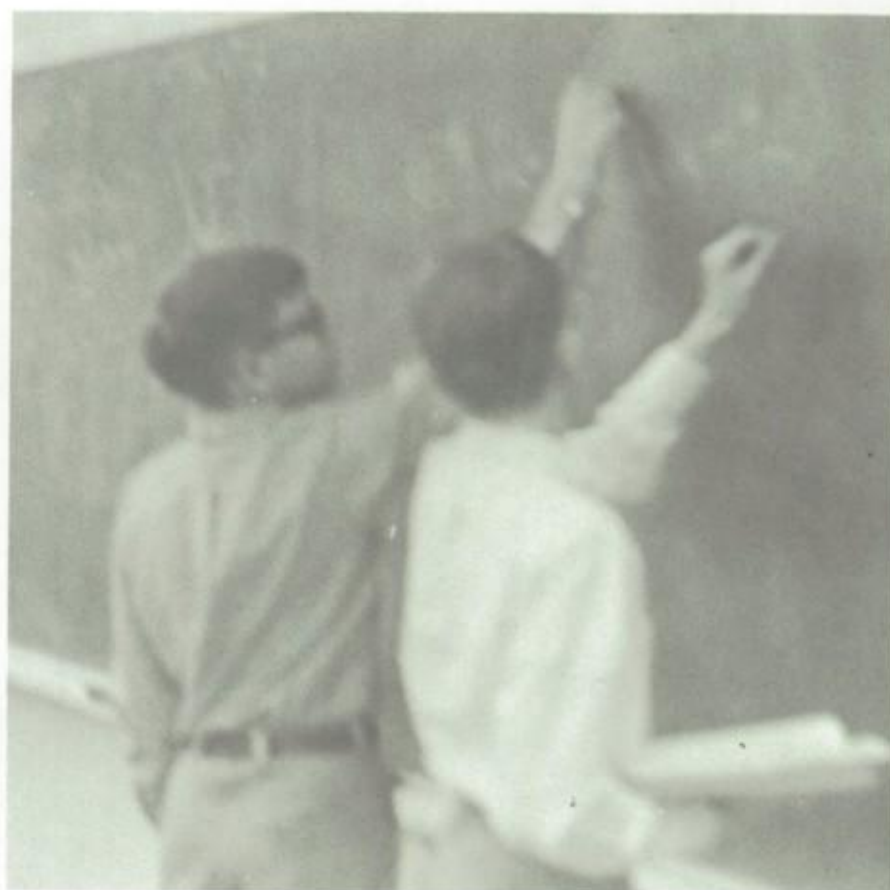

Freshman: (FRESH man) n., a class looked down upon by the sophomore, junior, and senior classes

The class of '72 has proven this to be incorrect. These Freshmen have shown their worth by joining in all of the pep rallies with enthusiasm.

They have also proven to have new and different ideas. They showed this when their homecoming float received first place in originality.

Throughout the year the Freshmen have been loyal and true to their new school, and they have risen above the scorned label of "freshman".

Let us hope that as next year's sophomores, this class will still be such an asset to SHS.

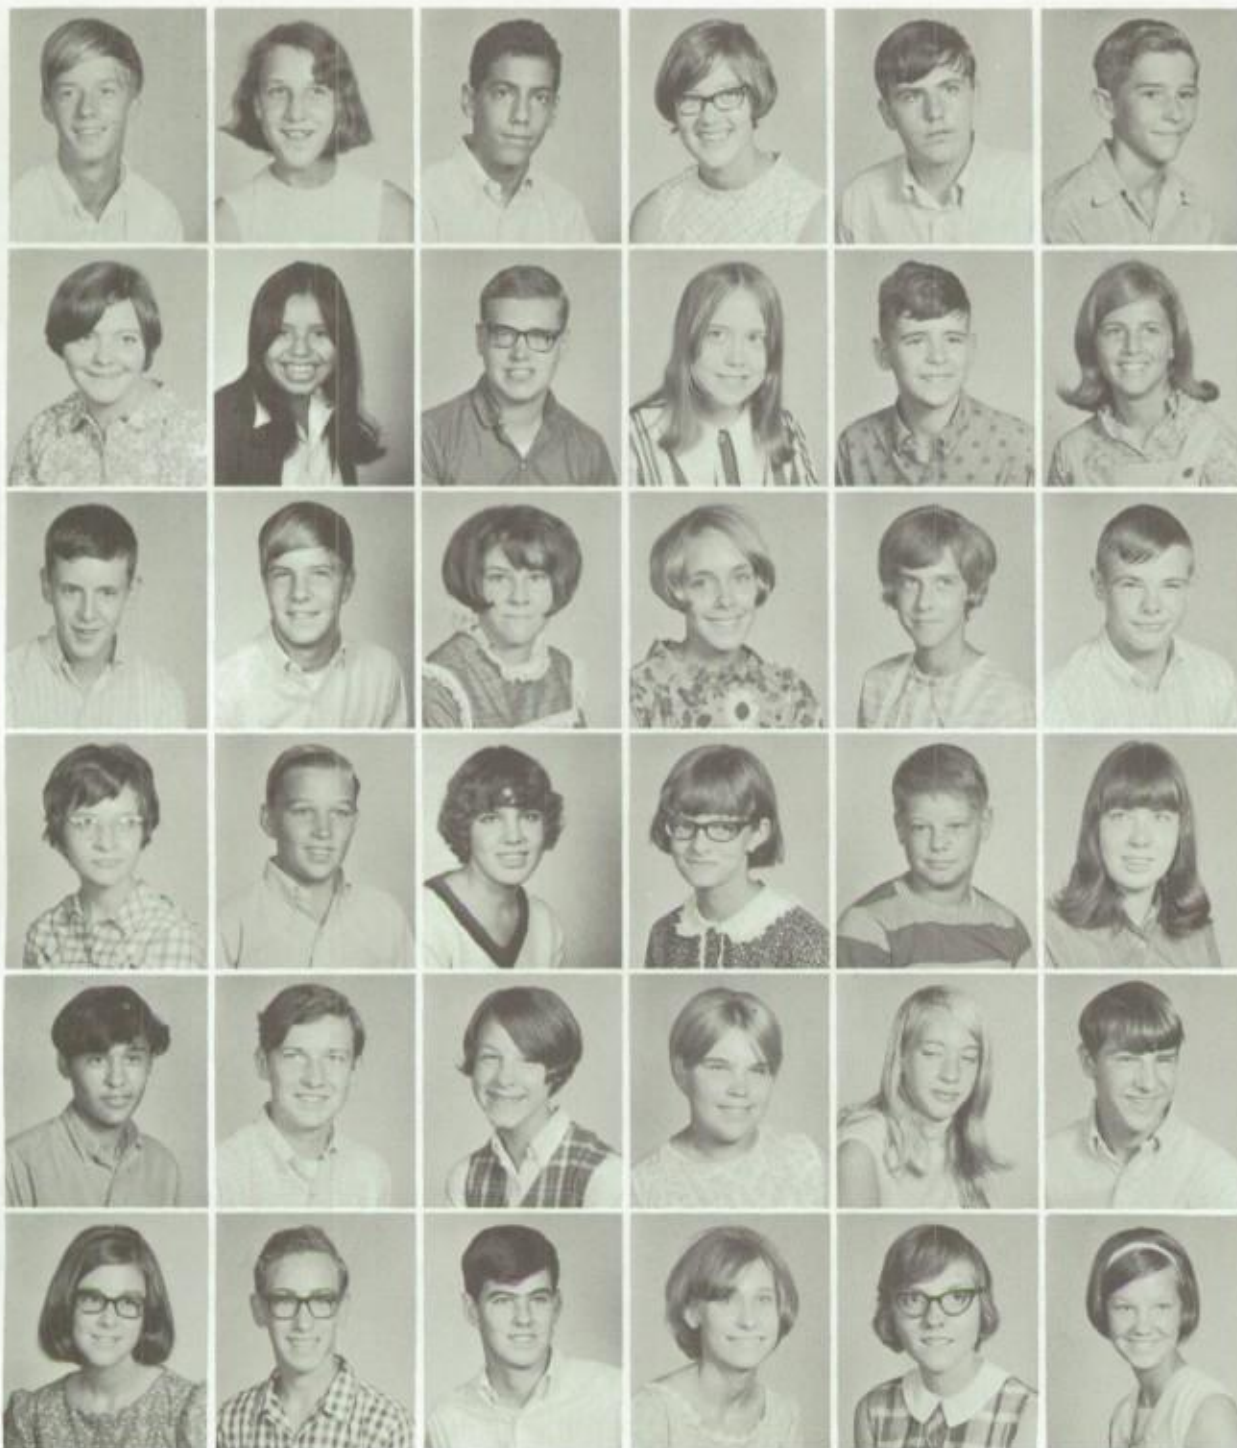

Two students combine efforts for good grades.

ILLINOIS COLLEGES

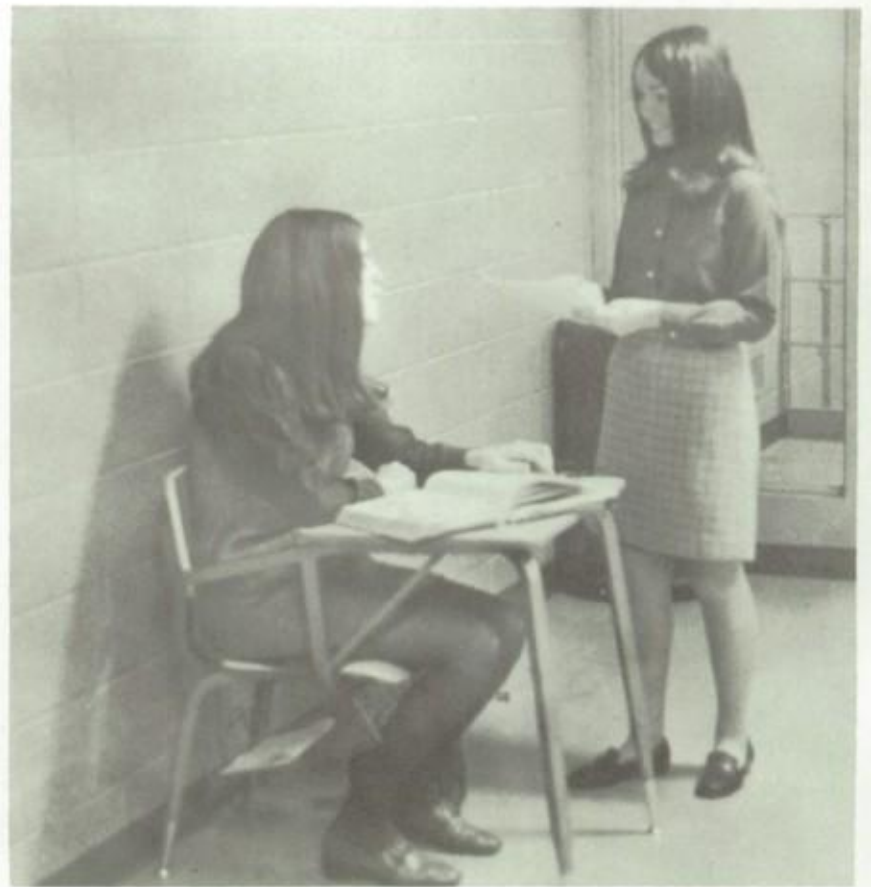

SENIORS

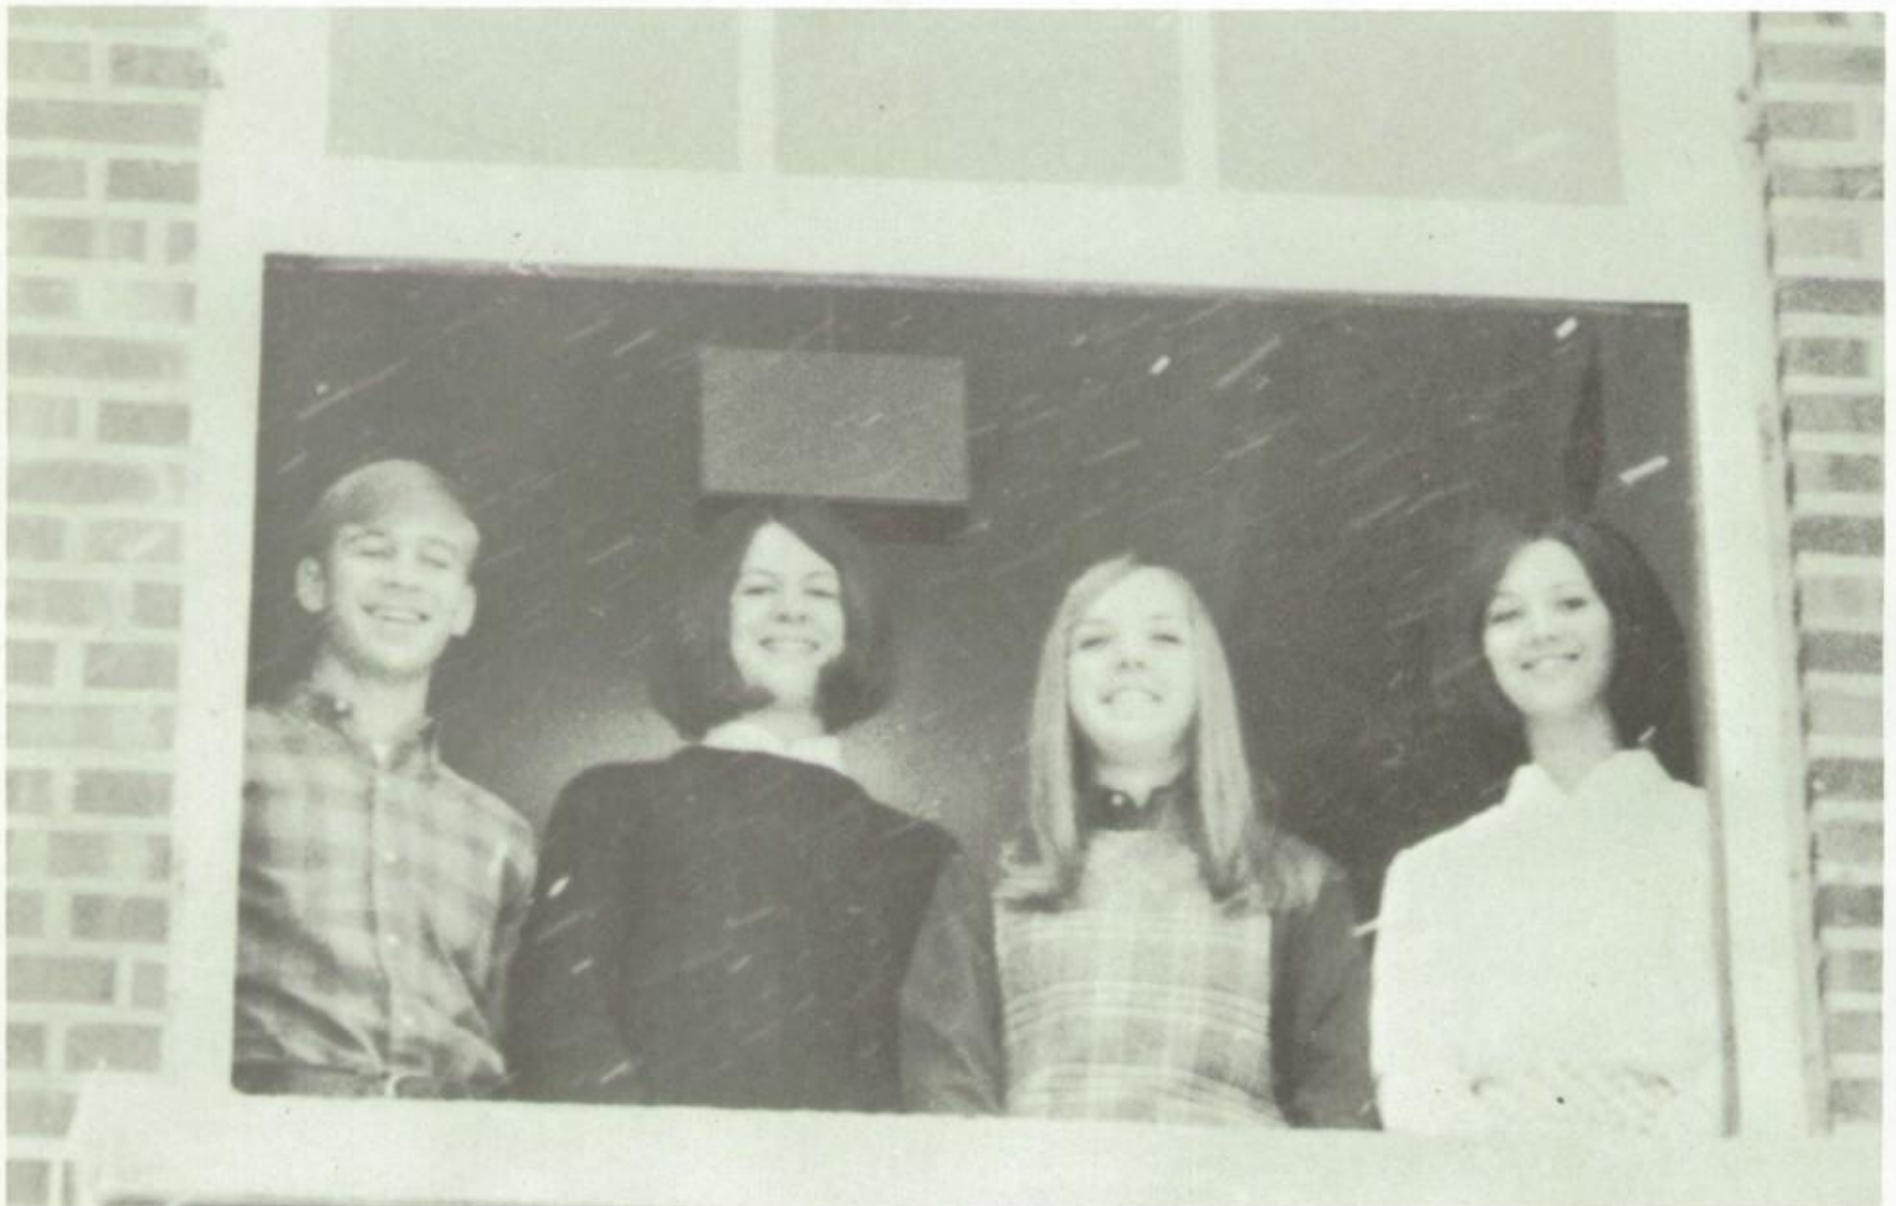

Seniors Anticipate Future Lives

The halls of STHS now hold nothing but memories for the senior class. It was here that they bought their first elevator pass; here that they were first terrified by the threatening monitors; and here that they displayed obvious grace and charm by dropping their books down the stairs.

Despite clumsy beginnings, the seniors soon adjusted to STHS, and found that life within its walls could be both pleasant and rewarding. They always held the belief that they were the best class ever, and courageously blundered their way through situations that often proved this to be so. The members of the senior class of '69 will carry these memories with them long after they walk out the doors of STHS for the last time.

Friendships made will last beyond graduation.

Bang! Bang! We got you first!

UP, UP, AND AWAY

The world's a nicer place
in my beautiful balloon,
It wears a nicer face
in my beautiful balloon,
We can sing a song and
sail along the silver sky,

For we can fly!
Up, up and away,
my beautiful, my beautiful balloon!

Suspended under a twilight canopy
We'll search the clouds
for a star to guide us.

For we can fly!
Up, up and away,
my beautiful, my beautiful balloon!

Kate,

To a nice girl. Remember
the fun we had at the

October 10th? Best of luck

with the boys and in future
years. Don't forget the two
days we had together in study-

Kate, don't lose sight of
the little girl who
was with a nurse
who would lose
you who would
69 Emma

Kate, don't lose sight of
the little girl who
was with a nurse
who would lose
you who would
69 Emma

Kate, don't lose sight of
the little girl who
was with a nurse
who would lose
you who would
69 Emma

Good luck,
Kate, don't lose sight of
the little girl who
was with a nurse
who would lose
you who would
69 Emma

Kate.

To a nice &
cute girl Remember
the fun in '69' boxes.
Good luck in SHS. & the future
See ya next year. Maybe

Love w/ Luck

Oh yeah Don't be too hard on the Loops
& be good if you know how

Remember
our great class.
You were cute then.
In the back always
Did the best
Pat Hubbs

Kate
To a real
cute and sweet
girl. Have fun
with you. Love
at SHS and
the loops
Always
